These 8 practical tips cover the basics of healthy eating and can help you make healthier choices. The key to a healthy diet is to eat the right amount of calories for how active you are so you balance the energy you consume with the energy you use.. If you eat or drink more than your body needs, you'll put on weight because the energy you do not use is stored as fat.

Enjoy healthier restaurant meals. Restaurants often overdo portion sizes, butter, and salt. But with a few adjustments, restaurant meals can be a wonderful and healthful experience. Substitute brown rice for white, whole-wheat pasta for regular, or beans for French fries. Instead of having an entrée sautéed, ask for it to be broiled or steamed.
