The Ford Model A was the Ford Motor Company's second market success, after its predecessor, the Model T. First produced on October 20, 1927, but not introduced until December 2, it replaced the venerable Model T, which had been produced for 18 years. This new Model A was designated a 1928 model and was available in four standard colors. By February 4, 1929, one million Model As had been sold, and by July 24, two million. The range of body styles ran from the Tudor at US\$500 to the town car with

This book contains information necessary to the proper handling and care of your Ford car. Read it carefully—particularly the instructions on lubrication, the cooling system, care of battery, etc., which are absolutely necessary to economical and satisfactory operation. Your car is a splendid piece of machinery. If properly cared for, it will give you years of satisfactory service at little cost. When repairs are needed, we recommend having the work done by an authorized Ford dealer. They are provided with special service equipment. Furthermore they are interested, more than any one else, in your personal satisfaction with the car. Let experienced mechanics make repairs or adjustments. Your car is too valuable a piece of machinery to place in unskilled hands. Expert workmanship is just as essential in servicing your car as it is in building it.
