Yet, it is essentially

From dirt bikes and jet skis to weed wackers and snowblowers, machines powered by small gas engines have become a permanent—and loud—fixture in American culture. But fifty years of high-speed fun and pristine lawns have

This edition of "The Canadian

Encyclopedia is the largest, most comprehensive book ever published in Canada for the general reader. It is COMPLETE: every aspect of Canada, from its rock formations to its

Acces PDF 1990

Ski Doo Snow

rock bands, is
represented here. It
is UNABRIDGED:
all of the
information in the
four red volumes of
the famous 1988
edition is contained
here in this single
volume. It has been
EXPANDED: since
1988 teams of
researchers have
been diligently

Acces PDF 1990

Ski Doo Snow

fleshing out old entries and recording new ones; as a result, the text from 1988 has grown by 50% to over 4,000,000 words. It has been UPDATED: the researchers and contributors worked hard to make the information as current as possible.

Acces PDF 1990

Ski Doo Snow

Other words apply
to this
extraordinary work
of scholarship:

AUTHORITATIVE,
RELIABLE and
READABLE. Every
entry is compiled
by an expert.

Equally important,
every entry is
written for a
Canadian reader,
from the Canadian

Acces PDF 1990

Ski Doo Snow

point of view. The finished work - many years in the making, and the equivalent of forty average-sized books - is an extraordinary storehouse of information about our country. This book deserves pride of place on the bookshelf in

Acces PDF 1990

Ski Doo Snow

every Canadian

Home. It is no

accident that the

cover of this book

is based on the

Canadian flag. For

the proud truth is

that this volume

represents a great

national

achievement. From

its formal inception

in 1979, this

encyclopedia has

Acces PDF 1990

Ski Doo Snow

always represented
a vote of faith in
Canada; in Canada
as a separate place
whose natural
worlds and whose
peoples and their
achievements
deserve to be
recorded and
celebrated. At the
start of a new
century and a new
millennium, in an

Acces PDF 1990

Ski Doo Snow

increasingly

borderless

corporate world

that seems ever

more hostile to

national distinctions

and aspirations, this

"Canadian

Encyclopedia is

offered in a spirit of

defiance and of faith

in our future. The

statistics behind

this volume are

Acces PDF 1990

Ski Doo Snow

staggering. The
opening sixty pages
list the 250
Consultants, the
roughly 4,000
Contributors (all
experts in the field
they describe) and
the scores of
researchers,
editors,
typesetters,
proofreaders and
others who

Acces PDF 1990

Ski Doo Snow

contributed their skills to this massive project.

The 2,640 pages incorporate over 10,000 articles and over 4,000,000 words, making it the largest - some might say the greatest - Canadian book ever published. There are, of course,

Acces PDF 1990

Ski Doo Snow

many special features. These include a map of Canada, a special page comparing the key statistics of the 23 major Canadian cities, maps of our cities, a variety of tables and photographs, and finely detailed illustrations of our wildlife, not to

Acces PDF 1990

Ski Doo Snow

mention the

colourful,
informative

endpapers. But

above all the book

is "encyclopedic" -

which the "Canadian

Oxford Dictionary

describes as

"embracing all

branches of

learning." This

means that (with

rare exceptions)

Acces PDF 1990

Ski Doo Snow

there is satisfaction for the reader who seeks information on any Canadian subject. From the first entry "A mari usque ad mare - "from sea to sea" (which is Canada's motto, and a good description of this volume's range) to the "Zouaves (who mustered in Quebec

Acces PDF 1990

Ski Doo Snow

to fight for the
beleaguered
Papacy) there is
the required
summary of
information, clearly
and accurately
presented. For the
browser the
constant variety of
entries and the lure
of regular cross-
references will
provide hours of

Acces PDF 1990

Ski Doo Snow

fascination. The

word

"encyclopedia"

derives from Greek

expressions

alluding to a grand

"circle of

knowledge." Our

knowledge has expa

ndedimmeasurably

since the time that

one mind could

encompass all that

was known. Yet now

Acces PDF 1990

Ski Doo Snow

Canada's finest
scientists,
academics and
specialists have
distilled their
knowledge of our
country between
the covers of one
volume. The result
is a book for every
Canadian who
values learning, and
values Canada.
