was the prime cause of its 1992 defeat and argues that the strategy of seeking an image of 'responsibility' and 'respectability' - which under the new leadership has become a paramount concern - does not offer the best route forward for the party. The effect of this strategy - of abandoning traditional tenets, and adopting a policy profile more to the tastes of its critics in business and the media - will be to deprive Labour of its sheet-anchor; and even if successful electorally, the price will be that the hopes and aspirations of its supporters will be highly unlikely to be fulfilled.

challenges and opportunities faced by scholars in this field. The contributions by an international team of experts in the field, address theoretical perspectives on mediated geographies, methodological challenges and opportunities posed by geographies of media, the role and significance of different media forms and organizations in relation to socio-spatial relations, the dynamism of media in local-global relations, and in-depth case studies of mediated locales. Given the theoretical and methodological diversity of this book, it will provide an important reference for
