2006 KTM 950 Adventure. Purchased August 2016 in Pennsylvania from a passionate moto enthusiast, with lots of records, extra parts and service manuals. This is a very well equipped adventure machine. I've done a bunch of fun trips on it, but the first one, only a few weeks after purchasing was the biggest. A major 5,000 mile trip from MD, through NE Canada, and back in Sept/Oct 2016, with over 2,000 of those miles being off pavement.

The original bike, the 950 Adventure was launched back in 2003, and was subsequently upgraded to 990 in 2006 when the fuel injected motor from the Super Duke was added. Barring a few cosmetic changes in the intervening years, the 990 managed another six years in production until being eventually discontinued in 2012 when the 1190 was launched.
