This book on Restorative Discipline Practices (RDP) will provide anecdotes and process stories by authors from diverse backgrounds including: classroom teachers, school administrators, campus coordinators, juvenile justice officials, community leaders and university professors. It will be an inspiration and reference for educators as they begin or continue to implement RDP in the schools.

Celebrate the thirtieth anniversary of the Newbery Honor-winning survival novel Hatchet with a pocket-sized edition perfect for travelers to take along on their own adventures. This special anniversary edition includes a new introduction and commentary by author Gary Paulsen, pen-and-ink illustrations by Drew Willis, and a water resistant cover. Hatchet has also been nominated as one of America's best-loved novels by PBS's The Great American Read. Thirteen-year-old Brian Robeson, haunted by his secret knowledge of his mother's infidelity, is traveling by single-engine plane to visit his father for the first time since the divorce. When the plane crashes, killing the pilot, the sole survivor is Brian. He is alone in the Canadian wilderness with nothing but his clothing, a tattered windbreaker, and the hatchet his mother had given him as a present. At first consumed by despair and self-pity, Brian slowly learns survival skills—how to make a shelter for himself, how to hunt and fish and forage for food, how to make a fire—and even finds the courage to start over from scratch when a tornado ravages his campsite. When Brian is finally rescued after fifty-four days in the wild, he emerges from his ordeal with new patience and maturity, and a greater understanding of himself and his parents.

A Perfect Workbook You'll Need to ACE the STAAR Grade 8 Math Test! This book is a 120 full color paged children's test prep workbook for gifted and talented training from ages 3-6. It is geared toward the NNAT and the OLSAT test, which is used widely as a gifted and talented qualification test. It may also be used to prep for other gifted and talented children's standardized tests. The book contains 10 different topics in which children will be able to learn different things. These topics are Identifying Colors and Shapes, Relating and Connecting Ideas, Completing Patterns, Counting, Number Patterns, Prepositions, Picture Analogies, Finding Differences, Finding Similarities, and Sequences. These exercises are meant to provoke and satisfy young children's curiosity and imagination in order to help them reach their fullest potential. A practice test is included at the end of the book with listening prompts that are meant to be read to the children, mocking real testing situations. This allows for parents to also play an active role in enhancing and furthering their children's learning process. Children who use this book will be able to learn alongside Jack and Jill, who are two characters in the book that appear in each topic, so that children may learn in a familiar environment. Our goal is to making the learning process enjoyable and fun for the children, because we believe that they will learn the most in this way. The book is colorful and kid-friendly. We wish you the best in this new and exciting journey!
