MYSTERY: Murray Stein in conversation with Peter Kingsley about Jung's \"Red Book\"

African Americans And Jungian Psychology

"Fanny Brewster in her compelling book on African Americans and Jungian Psychology, makes visible what she calls a racial complex that has operated from the beginning birth pangs of Analytical Psychology with Carl Jung's own blindness to the current cultural context in his theory of archetypal psychology, to the silence of the Jungian community over the past nearly one hundred years to redress and address the blank spaces around race in the development of its theories and practices.

African Americans and Jungian Psychology: Leaving the ...
African Americans and Jungian Psychology: Leaving the Shadows explores the little-known racial relationship between the African diaspora and C.G. Jung's analytical psychology. In this unique book, Fanny Brewster explores the culture of Jungian psychology in America and its often-difficult relationship with race and racism.

African Americans and Jungian Psychology | Taylor ...
This work explores the relationship between the African world and C.G. Jung's analytical psychology. Beginning with an examination of how Jungian psychology initially failed to engage African Americans, and continuing to the modern use of the language and imagery, the author creates space for a much broader discussion regarding race and racism in America.

African Americans and Jungian Psychology: Leaving the ...
This is something that the American Jungian, Fanny Brewster (2017) discusses in her exploration of the relationship between analytical psychology and African Americans. While offering a powerful critique of the racist shadow in Jung's thinking she also argues for the value of Jung's ideas and the positive contribution that an Africanist perspective can make to Jungian psychology.
