Extracto: John Francis Anthony Pastorius III (n. 1 de diciembre de 1951 d. 21 de septiembre de 1987), conocido como Jaco Pastorius fue un bajista de funk, jazz fusion y jazz, compositor y arreglista dentro del mismo estilo musical. Pese a ser autodidacta, Pastorius tomo un instrumento hasta entonces relativamente nuevo, el bajo electrico, cuyo papel hasta ese momento por lo general era de acompañamiento y permanecia en un segundo plano dentro de las bandas de musica popular. Artesanalmente extrajo los trastes de su propio bajo electrico un Fender modelo Jazz Bass de 1962 transformandolo en un fretless, variedad del bajo hasta el momento poco conocida y utilizada, cuya sonoridad y tecnica son mas similares a las del contrabajo acustico y mas dulce que el bajo electrico tradicional. Otra modificacion que fue decisiva para este nuevo sonido fue el de sustituir las habituales cuerdas de entorchado plano utilizadas hasta entonces en los bajos fretless, por cuerdas de entorchado rugoso, consiguiendo un mayor "sustain." Con ello crearia una nueva sonoridad con mayor expresividad. Con esta nueva sonoridad, su innovadora y extraordinaria tecnica de digitacion su virtuosismo, la particular posicion de la mano derecha utilizada por Jaco, ademas de su excelencia musical, conseguiria llevar al limite de sus posibilidades este instrumento . Mostrando pues que tambien podia ser un instrumento enormemente expresivo y rico tonalmente, capaz de interpretar la melodia principal o de improvisaciones espectaculares, en aquella epoca...

From the critically acclaimed author of Motor City, Detroit comes alive in a powerful and thrilling novel set amidst the chaos of the race riots and the serenity of Opening Day. Willie Bledsoe, once an idealistic young black activist, is now a burnt-out case. After leaving a snug berth at Tuskegee Institute to join the Student Nonviolent Coordinating Committee, he has become bitterly disillusioned with the civil rights movement and its leaders. He returns home to Alabama to try to write a memoir about his time in the cultural whirlwind, but the words fail to come. The surprise return of his Vietnam veteran brother in the spring of 1967 gives Willie a chance to drive a load of smuggled guns to the Motor City – and make enough money to jump-start his stalled dream of writing his movement memoir. There, at Tiger Stadium on Opening Day of the 1968 baseball season – postponed two days in deference to the funeral of Martin Luther King, Jr. – Willie learns some terrifying news: the Detroit police are still investigating the last unsolved murder from the bloody, apocalyptic riot of the previous summer, and a white cop named Frank Doyle will not rest until the case is solved. And Willie is his prime suspect. Bill Morris's rich and thrilling new novel sets Doyle's hunt amid the history of one of America's most tortured and fascinating cities, as Doyle and Willie struggle with Detroit's deep racial divide, with revenge and forgiveness – and with the realization that justice is rarely attainable, and rarely just.

This novel, Surrender Tomorrow, is about a long bus trip where people are shown who they really are. They are upwardly mobile blacks who do not always make the best decisions. One of the main characters is Francois, who has one foot in the crime world and the other in the legit one. Francois has family that he has to impress, like his father, back home in Orlando, Florida, who look up to him. However, the mob is chasing him, and they are curious bunch with funny names like Cool Breeze from the old Blaxploitation movies from the seventies. And there is Surrender Tomorrow herself, who is a real woman, but you are never sure if she is not mobbed up. This novel started out by being a book of short stories. Right when you think you figured out who Francoiss father is and his involvement with a young woman, you get pulled right back into the caper. It is a ride of sorts that, when you read about crimes happening, one seldom guessed the characters. These are the characters, and they are a comical bunch. It goes to show how Francoiss family comes to grips with having a son who might be doing the wrong thing and traditional folkways of new immigrants migrating to America. For some people, they are willing to risk all for love, others money.

This book will help any musician unlock the secrets of the Afro-Cuban rhythmic feel. By clearly demonstrating the underlying pattern called the Clave and the comping patterns called Tumbaos which are played over the Clave, this book will help every bass player learn these fundamental Latin rhythms. This book is about a playful but serious chain of events that occurred with an outwardly mobile Atlanta, Georgia, black couple who had a bad experience with this outside woman named Lydia Adina Medina. It reminds you of one of the stories that Tyler Perry has written and produced where a man, Lonny Vessing, sees a more attractive woman and leaves his less-attractive wife, Marge.
