"The African Yearbook of International Law" provides an intellectual forum for the systematic analysis and scientific dissection of issues of international law as they apply to Africa, as well as Africa's contribution to the progressive development of international law. It contributes to the promotion, acceptance of and respect for the principles of international law, as well as to the encouragement of the teaching, study, dissemination and wider appreciation of international law in Africa. A clear articulation of Africa's views on the various aspects of international law based on the present realities of the continent as well as on Africa's civilization, culture, philosophy and history will undoubtedly contribute to a better understanding among nations. "The African Yearbook of International Law" plays an important role in examining the tensions underlying the State in Africa, and by shedding more light on the causes of the fragility of African state institutions

so as to facilitate the identification of appropriate remedies. The tension and interrelationships among issues such as territorial integrity, self determination, ethnic diversity and nation-building are constantly addressed. Development, human rights and democratization in Africa are also subject of continuous attention and examination.

The "European Yearbook" promotes the scientific study of nineteen European supranational organisations and the Organisation for Economic Co-operation and Development (OECD). Each volume contains a detailed survey of the history, structure and yearly activities of each organisation and an up-to-date chart providing a clear overview of the member states of each organisation. Each volume contains a comprehensive bibliography covering the year's relevant publications. This is an indispensable work of reference for anyone dealing with the European institutions.

The title Hague Yearbook of International Law reflects the close ties which have always existed between the AAA and the City of The Hague with its international law institutions, and indicates the Editor's intention to devote attention to developments taking place in those international law institutions.

Vol. for 1947 includes "A list of clandestine periodicals of World War II, by Adrienne Florence Muzzy."
