Arguing and Thinking: A Rhetorical Approach to Social ...

Circular reasoning (Latin: circulus in probando, "circle in proving"; also known as circular logic) is a logical fallacy in which the reasoner begins with what they are trying to end with. The components of a circular argument are often logically valid because if the premises are true, the conclusion must be true. Circular reasoning is not a formal logical fallacy but a pragmatic defect in an ...

Amazon.com: Customer reviews: Arguing and Thinking: A ...

The rhetorical effect is that by commenting on how sure you are that something is true, you imply, without saying, that there must be very strong reasons for what you believe—assuming that the audience believes you are a reasonable person, of course. Here are some ways of commenting on the strength of one's beliefs:

1.10: Assuring, guarding, and Discounting - Humanities ...

For example, he suggests that attitudes are best understood not as individual positions on topics, but as rhetorical stances in argumentative contexts. This perspective was introduced in his book *Arguing and Thinking* (1987; 2nd Edition, 1996).
