TSN-G5000 Series. Mount the TSN-G5000 Series on the corrosion-free mounting rail that adheres to the EN 60715 standard. Default Installation Side Installation Suggested Installation Method Step 1—Detach the metal DIN-rail mounting kit from the back panel and attach it to the side panel, vertically as indicated in the figure below.

TSN-G5000 Series Quick Installation Guide

The AuraGen's small size and light weight therefore translates into decreased fuel consumption and increased maneuverability when compared with traditional power solutions. Science at Work. The AuraGen is a pancake-shaped axial induction machine consisting of a solid cast rotor sandwiched between two symmetric stators. A proprietary control system supplies current to the stators that, in turn ...

Aura - AuraGen

Auragen can provide up to 8 kW of continuous power and up to 9 kW of peak power. AuraGen generates high quality AC, DC and Silent Watch power and is completely integrated into the vehicle for transparent operation. AuraGen is a fraction of the size and weight of a conventional induction machine. No motor brushes to wear out ; No exotic permanent magnets; Uses only standard materials, only ...
