The Art of Biology Today - 3rd Edition - Eli Minkoff ...

Biology Today is a college-level biology textbook that went through three editions in 1972, 1975, and 1980. The first edition, published by Communications Research Machines, Inc. (CRM) and written by a small editorial team and large set of prominent "contributing consultants", is notable for its lavish illustrations and its humanistic approach.

Biology Today - Wikipedia

Biology Today, An Issues Approach gives a refreshingly innovative perspective to biological science. When so many texts seem to be clones of each other, this book addresses the same concepts in a completely new way -- through a series of pertinent and often controversial applications of scientific knowledge.
