NATIONAL BESTSELLER • For anyone who wants to learn a foreign language, this is the method that will finally make the words stick. "A brilliant and thoroughly modern guide to learning new languages." —Gary Marcus, cognitive psychologist and author of the New York Times bestseller Guitar Zero At thirty years old, Gabriel Wyner speaks six languages fluently. He didn't learn them in school—who does? Rather, he learned them in the past few years, working on his own and practicing on the subway, using simple techniques and free online resources—and here he wants to show others what he's discovered. Starting with pronunciation, you'll learn how to rewire your ears and turn foreign sounds into familiar sounds. You'll retrain your tongue to produce those sounds accurately, using tricks from opera singers and actors. Next, you'll begin to tackle words, and connect sounds and spellings to imagery rather than translations, which will enable you to think in a foreign language. And with the help of sophisticated spaced-repetition techniques, you'll be able to memorize hundreds of words a month in minutes every day. This is brain hacking at its most exciting, taking what we know about neuroscience and linguistics and using it to create the most efficient and enjoyable way to learn a foreign language in the spare minutes of your day.

A unique portrayal of four members of the American Indian Movement—with fascinating full-color images created by Leonard Peltier! In I Will, Sheron Wyant-Leonard weaves the personal recollections of four members of the American Indian Movement—Leonard Peltier, Dennis Banks, Dorothy Ninham, and her husband Herb Powless—into a unique narrative to expose their trials and tribulations over the course of two decades. When the last gunshots of the Indian Wars of the nineteenth century faded away, a dark and desperate time began for Native American people. Poverty, neglect, and hopelessness hung over the land. But as the seventies dawned, a powerful movement for change by newly urban Indians was born with the words "American Indian Movement." This story includes a brief look at their childhoods as told by the people who lived it, including their government boarding schools, reservation life, the fight against termination, and the founding of their resistance with building takeovers and government saboteurs, a prison escape, including the largest FBI manhunt in history. They walked the line between courage and fear and changed the direction of Native history forever.
