elusive human trafficker. And Gray couldn't be happier when a grateful Allye follows him home to Colorado Springs... For Allye, finding sanctuary in the arms--and bed--of the former Navy SEAL is only temporary. People are disappearing off the streets of San Francisco, victims of the same underground trade that targeted her, and Allye could be the key to dismantling the entire operation. She's willing to do anything to bring them down. Gray isn't--for good reason. But you don't say no to a tough girl like Allye who refuses to play it safe. Now Gray is risking more than ever before. The Mountain Mercenaries have his back. But is it enough to keep the woman he loves out of harm's way?

Book Stoker's riveting *Mountain Mercenaries* novel. As tough as Everly Adams may be, the Colorado Springs SWAT officer is near a breaking point. Her fifteen-year-old half sister, Elise, has disappeared from Los Angeles without a trace, and the window to find her is closing fast. Committed to the search is Mountain Mercenary Kannon "Ball" Black. He and Everly already have a history--of rubbing each other the wrong way. Still, Everly has to admit the man is heart-stopping. His brash alpha swagger takes her breath away. And most importantly, as a former Coast Guard first responder, Ball has what it takes to bring Elise home. Nobody's buying the LAPD's "runaway" theory. And the fear that Elise is the victim of a human trafficking ring is a gut-punch that Everly and Ball can't ignore. If only the trail were that clear cut. Because the one they're following is more insidious and intimately dark than they

could have imagined. Now as the bond between Everly and Ball grows stronger, so does the heat. And as the stakes rise, so does the danger.

A missing woman leads the alpha heroes on their boldest mission yet in New York Times bestselling author Susan Stoker's searing *Mountain Mercenaries* novel. It's been ten years since Rex's wife, Raven, disappeared from a Vegas casino. Never losing hope, he even formed the *Mountain Mercenaries* to help find her--and other missing wives, sisters, and children. Now Rex and his fearless team are following a lead to Lima, Peru, where the rescue operation is greater than they imagined. A day at a time. That's been Raven's motto for a decade. Once held captive by an elusive sex trafficker, she has an indomitable will to survive. But Raven's not ready to leave Peru. She can't. Not yet.

For the Mountain Mercenaries, the stakes have been raised. The threats are escalating. But Rex hasn't searched this long, risked so much, and come this far to lose Raven all over again.

Danger rises and love is threatened in New York Times bestselling author Susan Stoker's fourth book of the Mountain Mercenaries series. Lowell "Black" Lockard, former Navy SEAL, has watched his fellow Mountain Mercenaries settle down with the women of their dreams, but he's convinced he doesn't need love. Then he gets a call from Harlow Reese--a chef at a local women's shelter--and begins to reconsider his decision. After being continually harassed by a local band of punks, Harlow asks Lowell to give the

Book of the shelter lessons in self-defense. She doesn't expect him to take such a special interest in her safety, but he insists on escorting her to and from work, never taking no for an answer. Not that Harlow minds the personal touch...especially when it's coming from her former teenage crush. Despite her long history of bad dating luck, seeing Black again makes Harlow rethink her self-imposed celibacy. Easy on the eyes and hard to forget, the man has morphed into an alpha stud. And Harlow may be exactly the type of woman Black is looking for. Making her feel safe isn't only a duty; it's a pleasure. But the threats are escalating. The motives are a mystery. And as the danger burns almost as hot as their passion, there's much more at risk than their hearts.

He'd been unlucky enough to be assigned a middle seat on the cramped jet, but fortunately for him, the woman next to him was willing to switch seats with him. Hoping for a relaxing flight, Wolf was pleasantly surprised at the good conversation and sense of humor the woman had as they flew 36,000 feet over the countryside. When Caroline boarded the plane to Virginia to move across the country for her new job she never expected to be seated next to the hottest guy she'd ever seen. She also never expected he'd be so easy to talk to. She knew he'd never be interested in talking to her if he hadn't been trapped in the seat next to her, but it was a nice way to spend a long plane ride.
