Dictionary Of Insurance Terms
An unsecured, short-term debt security issued by a corporation to finance short-term liabilities. These notes are normally backed only by the issuing corporation's promise to pay the face amount on the maturity date specified on the note, which is usually less than six months.

A better name for this product would be the Long-Winded Financial Terms Dictionary. Its pages are filled with non-insurance-related definitions for accounting, legal, and other financial-service terms. Worse yet, several key insurance-related terms that have come into existence in, say, the past century are not included.
