Among students of labor politics, the Japanese experience has not attracted significant interest. The implications of the Japanese experience for the study of labor politics seem to have been all too evident: the most decentralized labor movement in the advanced industrial democracies failed to enjoy pro-labor policies let alone establish a labor party government.

Disparaged success : labor politics in postwar Japan by Kume, Ikuo, 1957- ... Introduction : the puzzle of Japanese labor politics -- Reenvisioning the role of labor in Japan -- Institutionalizing labor accommodation with the company -- Nationalizing wage negotiations -- Back into politics : labor in the 1970s -- Defending employment security ...

Disparaged success : labor politics in postwar Japan ...

The decline of organized labor has coincided with the decentralization of labor-management relations. As a result, most observers assume that decentralized labor is destined to lose power in a capitalist economy, and that enterprise unions will tend to be docile and powerless. Kume documents the one notable exception.

Disparaged success : labor politics in postwar Japan

"Disparaged Success is one of the few English-written books that comprehensively examines the postwar development of labor politics and industrial relations, and this makes the book highly valuable. Kume's book is also important in that it is one of the first attempts to explain labor politics in Japan from an explicitly comparative perspective, putting the Japanese case in the context of analytic frameworks used by studies of labor politics in other industrialized countries."
