About the Expert Adrian Sanqui is a charcoal artist who uses several themes but mostly avant garde and surreal cartoons. Being active in visual arts from an early age, he started with colored drawings using oil pastels until they failed to make the kind of artwork he wanted. From colors he shifted to black and white drawings. He first attempted to adopt the techniques he managed to learn from his experiences to ink drawing. Ink drawing still failed to meet his expectations. It was not until he tried using charcoals that he was satisfied. From then on he has used charcoal as his primary tool to produce a fine piece of art. HowExpert publishes quick 'how to' guides on all topics from A to Z by everyday experts.

"Beginner Art Guides instruct in the fundamentals of art, then present a series of projects for the student to master. Projects are presented in order of difficulty, and are supplemented with practical suggestions, ideas for color experiments, and techniques for creating special effects. The final page of each book presents a capsule biography of a famous artist whose work offers classic examples of the title's central subject. This volume summarizes basic art principles for art students and ambitious amateurs, and then presents several dry-medium projects for them to complete. This title presents a brief, enlightening illustrated discussion of James Ensor (1860-1949), a Belgian artist particularly noted for his work in charcoal, chalk, and sanguine."--Publisher's website.
