GAIMAN! RUSSELL! MIGNOLA! ORDWAY! New York Times bestselling author Neil Gaiman and Eisner Award-winning comics legend P. Craig Russell breathe new life into the ancient Norse stories by taking readers through the creation of the Nine Worlds to the epic origin and adventures of Thor, Odin, and Loki all the way to the end of life—Ragnarok. Having previously written about deities in *American Gods* and *The Sandman*, Gaiman teams with Russell to finally bring readers to follow the northern gods in their own setting in this comic book adaptation of the hit novel!

"Wonderful—a thoughtful discussion of what made [the Greeks] so important, in their own time and in ours." —Natalie Haynes, *Independent* The ancient Greeks invented democracy, theater, rational science, and philosophy. They built the Parthenon and the Library of Alexandria. Yet this accomplished people never formed a single unified social or political identity. In *Introducing the Ancient Greeks*, acclaimed classics scholar Edith Hall offers a bold synthesis of the full 2,000 years of Hellenic history to show how the ancient Greeks were the right people, at the right time, to take up the baton of human progress. Hall portrays a uniquely rebellious, inquisitive, individualistic people whose ideas and creations continue to enthrall thinkers centuries after the Greek world was conquered by Rome. These are the Greeks as you've never seen them before.

"It's 1932, and twelve-year-old Cal Black and his pop have been riding the rails for a year after losing their farm in the Great Depression. Cal likes being a "knight of the road" with Pop, even if they're broke. But then Pop has to go to Washington, D.C.—and Cal can't go with him. So Pop tells Cal something he never knew before: He's a Creek Indian, which means Cal is, too. And Pop has decided to send Cal to Challagi Indian School, a government boarding school for Native Americans in Oklahoma. At Challagi, the other Creek boys quickly take Cal under their wing. Even in the harsh, miserable conditions of the school, Cal begins to learn his people's history and heritage, language, and customs. And most of all, he learns how to find strength in a group of friends who have only one another"—Page [4] of cover.

Three classic Greek tragedies are translated and critically introduced by Edith Hamilton.

A full, authoritative, and wholly engaging account of these endlessly fascinating tales and of the ancient society in which they were created. Greek myths are among the most complex and influential stories ever told. From the first millennium BC until today, the myths have been repeated in an inexhaustible series of variations and reinterpretations. They can be found in the latest movies and television shows and in software for interactive computer games. This book combines a retelling of Greek myths with a comprehensive account of the world in which they developed—their themes, their relevance to Greek religion and society, and their relationship to the landscape. "Contexts, Sources, Meanings" describes the main literary and artistic sources for Greek myths, and their contexts, such as ritual and theater. "Myths of Origin" includes stories about the beginning of the cosmos, the origins of the gods, the first humans, and the founding of communities. "The Olympians: Power, Honor, Sexuality" examines the activities of all the main divinities. "Heroic exploits" concentrates on the adventures of Perseus, Jason, Herakles, and other heroes. "Family sagas" explores the dramas and catastrophes that befall heroes and heroines. "A Landscape of Myths" sets the stories within the context of the mountains, caves, seas, and rivers of Greece, Crete, Troy, and the Underworld. "Greek Myths after the Greeks" describes the rich tradition of retelling, from the Romans, through the Renaissance, to the twenty-first century. Complemented by lavish illustrations, genealogical tables, box features, and specially commissioned drawings, this will be an essential book for anyone interested in these classic tales and in the world of the ancient Greeks.

Mythos is a modern collection of Greek myths, stylishly retold by legendary writer, actor, and comedian Stephen Fry. Fry transforms the adventures of Zeus and the Olympians into emotionally resonant and deeply funny stories, without losing any of their original wonder. This stunning book features classical artwork inspired by the myths, as well as learned notes from the author. Each adventure is infused with Fry's distinctive wit, voice, and writing style. Connoisseurs of the Greek myths will appreciate this fresh-yet-reverential interpretation, while newcomers will feel welcome. Retellings brim with humor and emotion and offer rich cultural context. Celebrating the thrills, grandeur, and unabashed fun of the Greek myths, Mythos breathes life into ancient tales—from Pandora's box to Prometheus's fire. This gorgeous volume invites you to explore a captivating world with the brilliant storyteller Stephen Fry as your guide. A collectible volume complete with a textured case, a foil-stamped jacket, and full-color art throughout. The perfect gift for Greek mythology and history buffs, lovers of ancient Greece, art aficionados, and devoted fans of Stephen Fry. Add it to the shelf with books like *Circe* by Madeline Miller, *Norse Mythology* by Neil Gaiman, and *Mythology: Timeless Tales of Gods and Heroes* by Edith Hamilton.

Drawing on the greatest writers of its civilization, Hamilton vividly depicts the life and spirit of Rome. In this informal history of Roman civilization, Edith Hamilton vividly depicts the Roman life and spirit as they are revealed in the greatest writers of the time. Among these literary guides are Cicero, who left an incomparable collection of letters; Catullus, the quintessential poet of love; Horace, the chronicler of a cruel and materialistic Rome; and the Romantics Virgil, Livy, and Seneca. The story concludes with the stark contrast between high-minded Stoicism and the collapse of values witnessed by Tacitus and Juvenal. "No one in modern times has shown us more vividly . . . the grandeur that was Rome." Filtering the golden essence from the mass of classical literature, she proved how applicable to our daily lives are the humor and wisdom of more than 2,000 years ago. New York Times

The critical reading section on standardized tests, especially the SAT 1 exam, is often cited as a trouble section for even the best test-takers. Examinees get test-targeted reading comprehension practice questions to score better with LearningExpress' series, Skill Builder in Focus.
