attractive layout, and provides thousands of cited references that provide up-to-date literature reviews. Indexes by subject, chemical name, and author make navigating through information quick and easy. The CD-ROM version includes the same information as the print volumes, plus the benefit of a powerful search and retrieval engine to make searching for information as easy as a mouse click. Here's a sampling of what's covered in each volume and the CD-ROM: Volume 1: The body, health care, management and policy, tools and approaches Volume 2: Psychological and organizational factors, hazards, the environment, accidents, and safety Volume 3: Chemicals, industries and occupations Volume 4: Index by subject, chemical name, author, cross-reference guide, directory of contributors.

Revised and expanded, this edition provides comprehensive coverage of occupational health and safety. A new CD-ROM version is available which provides the benefits of computer-assisted search capabilities.

At its 271st Session (March 1998) the Governing Body decided to place the question of safety and health in agriculture on the agenda of the 88th Session (2000) of the International Labour Conference. In accordance with article 39 of the Standing Orders of the Conference, which deals with the preliminary stages of the double discussion procedure, the Office drew up a preliminary report intended to serve as the basis for the first discussion of this question. This report contains the introduction to the question and an analysis of the law and practice in agriculture in various countries. It was accompanied by a questionnaire and communicated to the governments of the member States of the ILO. This report has been drawn up on the basis of the replies received.

Intended as a resource for those who have responsibilities to safeguard workers' health and safety, especially in developing countries. Covers the fields of toxicology, occupational hygiene, occupational cancer, occupational diseases of agricultural workers, occupational safety, psycho-social problems and
