Eventide Delay Manual - orrisrestaurant.com

Eventide's old school design strictly limits the amount of digital circuitry to only what's required for delay. Soft saturation clipping, low pass filter, feedback, insert loop, and +20 dB boost are all analog. Once you hear it, you'll know why this is the ultimate, most musical, Eurorack delay. To be a true performance instrument, all the controls of the eurorack module must be remote ...

Eventide TimeFactor review | MusicRadar

The Eventide Timefactor delay pedal is an exceptional stompbox with an exceptional sound. It's a versatile and flexible tool that allows for detailed customization. In fact, if it has a drawback it is that it is so deep that it can be overwhelming. It is definitely a "read the instructions" machine. That said, the factory presets really shine, the parameters are very responsive and the casing ...
