For years, a great king has ruled the kingdom of Carcium in the land of Phygeria. Brave and just, this king has protected Carcium from the evils of the outside world and the evils within the kingdom itself. The mystical elves tasked with overseeing the kingdoms of Phygeria have been pleased, and they have contained the darkness beyond Carcium's boundaries. But when this brave king falls, the days of peace in Carcium fall with him. The king's young, selfish son, Prince Troy, assumes the throne, and the evil that has threatened Carcium for so long moves ever closer to the kingdom's walls. Prince Troy has failed in the eyes of the elves, and the elves place Carcium in limbo. Troy has one last chance to redeem himself and save his kingdom from the Duras Carcer, an evil sorcerer who draws his life force from fallen kingdoms. Troy along with a beautiful, mysterious maiden and an outcast dragon begins a perilous quest to find a mystical sword, the only weapon that can destroy Duras Carcer and restore Carcium to its former glory. An enthralling, richly drawn fantasy, Carcium leads its readers and its heroes through treacherous encounters with snake vines, giant killer cats, gargoyles, and supernatural demons. Will Prince Troy find the courage and strength to become the leader his kingdom so desperately needs? Or will his selfishness allow darkness to consume Carcium?

The New York Times bestselling author of *Writing My Wrongs* invites men everywhere on a journey of honesty and healing through this book of moving letters to his sons—one whom he is raising and the other whose childhood took place during Senghor's nineteen-year incarceration. Shaka Senghor has lived the life of two fathers. With his first son, Jay, born shortly after Senghor was incarcerated for second-degree murder, he experienced the regret of his own mistakes and the disconnection caused by a society that sees Black lives as disposable. With his second, Sekou, born after Senghor's release, he has experienced healing, transformation, intimacy, and the possibilities of a world where men and boys can openly show one another affection, support, and love. In this collection of beautifully written letters to Jay and Sekou, Senghor traces his journey as a Black man in America and unpacks the toxic and misguided messages about masculinity, mental health, love, and success that boys learn from an early age. He issues a passionate call to all fathers and sons—fathers who don't know how to show their sons love, sons who are navigating a fatherless world, boys who have been forced to grow up before their time—to cultivate positive relationships with other men, seek healing, tend to mental health, grow from pain, and rewrite the story that has been told about them. *Letters to the Sons of Society* is a soulful examination of the bond between father and sons, and a touchstone for anyone seeking a kinder, more just world.
