This concise clinical companion to the thirteenth edition of Brunner and Suddarth's Textbook of Medical-Surgical Nursing presents nearly 200 diseases and disorders in alphabetical format, allowing rapid access to need-to-know information on the most common clinical problems nurses are likely to encounter. The content is completely cross-referenced to the main text. Pages are tabbed alphabetically for speedy reference.

Trusted by nursing fraternity for more than 50 years, Brunner and Suddarth's Textbook of Medical-Surgical Nursing layers essential patient care information, engaging critical thinking exercises and diverse features to help students learn critical content. The South Asian edition is comprehensively updated to customize and keep pace with South Asia's health care environment by including Indian/Asian epidemiologic data of common diseases and disorders, flowcharts of pathophysiologic processes of various diseases and disorders and psychosocial concepts, which is contemporary to South Asian scenario. Furthermore, essential medical-surgical nursing content and diseases/disorders, which are specific to South Asia, are added to make this textbook most suitable to South Asian learners.

Pamphlet is a succinct statement of the ethical obligations and duties of individuals who enter the nursing profession, the profession's nonnegotiable ethical standard, and an expression of nursing's own understanding of its commitment to society. Provides a framework for nurses to use in ethical analysis and decision-making.

Shortly before her death in 2004, Elisabeth Kbler-Ross and David Kessler, her collaborator, completed the manuscript for this, her final book - a fitting completion to her work. Kbler-Ross's groundbreaking work *On Death and Dying* changed the way we think and talk about the end of life. Weaving together theory, inspiration, and practical advice, this book will profoundly influence the way we experience the process of grief. Available only in Nonfiction 4.
