As mentioned above, this pacing guide is aligned to the 5th grade common core math standards. The guide includes the math skill with the common core standard with which the skill correlates. In addition to the time frame and sequence of skills, I also included my rationale and reasons for teaching the skill at that point in the year (or my reasons for teaching that skill before or after other math skills).

Write, read, and evaluate expressions in which letters stand for numbers. a. Write expressions that record operations with numbers and with letters standing for numbers. For example, express the calculation " Subtract y from 5 " as $5 - y$. b. Identify parts of an expression using mathematical terms (sum, term, product, factor, quotient, coefficient); view one or more parts of an expression as a single entity.
