Mysticism in Gravity and Grace. While Gravity and Grace (French: La Pesanteur et la grâce) is one of the books most associated with Simone Weil, the work was not one she wrote to be published as a book. Rather, the work consists of various passages selected from Weil's notebooks and arranged topically by Gustave Thibon, who knew and befriended her.

Gravity and Grace: Volume 41: Weil, Simone: Amazon.sg: Books

Contemporary French philosopher, Michel Serres, called Simone Weil “the first philosopher to really speak of violence in all its dimension.” After reading Gravity and Grace in his early 20s, he decided to pursue the humanities instead of mathematics. Albert Camus described Simone Weil as the only great spirit of our time.

activist, Simone Weil. In it Gustave Thibon, the farmer to whom she had entrusted her notebooks before her untimely death, compiled in one remarkable volume a compendium of her writings that have become a source of spiritual guidance and wisdom for countless individuals.

On the fiftieth anniversary of the first English edition, this Routledge Classics edition offers the English reader the complete text of this landmark work for the first time ever.

Simone Weil, the French philosopher, political activist, and religious mystic, was little known when she died young in 1943. Four years later the philosopher-farmer Gustave Thibon compiled *La pesanteur et*

File Type PDF Gravity And Grace Simone Weil

la grâce from the notebooks she left in his keeping. In 1952 this English translation accelerated the fame and influence of Simone Weil. The striking aphorisms in *Gravity and Grace* reflect the religious philosophy of Weil's last years. Written at the onset of World War II, when her health was deteriorating and her left-wing social activism was giving way to spiritual introspection, this masterwork makes clear why critics have called Simone Weil "a great soul who might have become a saint" and "the Outsider as saint, in an age of alienation."

'You cannot get far in these essays without sensing yourself in the presence of a writer of immense intellectual power and fierce independence of mind.' - Janet Soskice, from the Introduction to the Routledge Classics edition *Simone Weil (1909–1943)* is one of the most brilliant and unorthodox

religious and philosophical thinkers of the twentieth century. She was also a political activist who worked in the Renault car factory in France in the 1930s and fought briefly as an anarchist in the Spanish Civil War. Hailed by Albert Camus as 'the only great spirit of our times,' her work spans an astonishing variety of subjects, from ancient Greek philosophy and Christianity to oppression, political freedom and French national identity. *Waiting for God* is one of her most remarkable books, full of piercing spiritual and moral insight. The first part comprises letters she wrote in 1942 to Jean-Marie Perrin, a Dominican priest, and demonstrate the intense inner conflict Weil experienced as she wrestled with the demands of Christian belief and commitment. She then explores the 'just balance' of the world, arguing that we should regard God as providing two forms of guidance: our ability as human beings

File Type PDF Gravity And Grace Simone Weil

to think for ourselves; and our need for both physical and emotional 'matter.' She also argues for the concept of a 'sacred longing'; that humanity's search for beauty, both in the world and within each other, is driven by our underlying desire for a tangible god. Eloquent and inspiring, *Waiting for God* asks profound questions about the nature of faith, doubt and morality that continue to resonate today. This Routledge Classics edition includes a new Introduction by Janet Soskice and retains the Foreword to the 1979 edition by Malcolm Muggeridge.

Introducing the Selected Works of Simone Weil

The immediate and guiding aim of this book is to introduce the contemporary reader to the work and thought of Simone Weil.

File Type PDF Gravity And Grace Simone Weil

Philosopher, theologian, critic, sociologist, political activist -- Simone Weil was among the foremost thinkers of our time. Best known in this country for her theological writing, Weil wrote on a great variety of subjects ranging from classical philosophy and poetry, to modern labor, to the language of political discourse. The present anthology offers a generous collection of her work, including essays never before translated into English and many that have long been out of print. It amply confirms Elizabeth Hardwick's words that Simone Weil was "one of the most brilliant and original minds of twentieth-century France" and "a woman of transcendent intellectual gifts and the widest learning." A longtime Weil scholar, Sian Miles has selected essays representative of the wide sweep of Weil's work and provides a superb introduction

File Type PDF Gravity And Grace Simone Weil

that places Weil's work in context of her life and times.

Simone Weil (1909-1943) was a defining figure of the twentieth century; a philosopher, Christian (although never baptised), resistance fighter, Labour activist and teacher, described by Albert Camus as 'the only great spirit of our time'. In 1941 Weil was introduced to Father Joseph-Marie Perrin, a Dominican priest whose friendship became a key influence on her life. When Weil asked Perrin for work as a farm hand he sent her to Gustave Thibon, a farmer and Christian philosopher. Weil stayed with the Thibon family, working in the fields and writing the notebooks which became *Gravity and Grace* and other posthumous works. Perrin and Thibon met Weil at a time when her

File Type PDF Gravity And Grace Simone Weil

spiritual life and creative genius were at their height. During the short but deep period of their acquaintance with her, they came to know her as she actually was. First published in English in 1953, and now introduced by J.P. Little, this unique portrait depicts Weil through the eyes of her friends, not as a strange and unaccountable genius but as an ardent and human person in search of truth and knowledge.

The French philosopher Simone Weil (1909-1943), a contemporary of Simone de Beauvoir and Jean-Paul Sartre, remains in every way a thinker for our times. She was an outsider, in multiple senses, defying the usual religious categories: at once atheistic and religious; mystic and realist; sceptic and believer. She speaks therefore to the complex sensibilities of a rationalist age. Yet despite her continuing

File Type PDF Gravity And Grace Simone Weil

relevance, and the attention she attracts from philosophy, cultural studies, feminist studies, spirituality and beyond, Weil's reflections can still be difficult to grasp, since they were expressed in often inscrutable and fragmentary form. Lissa McCullough here offers a reliable guide to the key concepts of Weil's religious philosophy: good and evil, the void, gravity, grace, beauty, suffering and waiting for God. In addressing such distinctively contemporary concerns as depression, loneliness and isolation, and in writing hauntingly of God's voluntary 'nothingness', Weil's existential paradoxes continue to challenge and provoke. This is the first introductory book to show the essential coherence of her enigmatic but remarkable ideas about religion.

An NYRB Classics Original Simone Weil—philosopher, activist, mystic—is one

File Type PDF Gravity And Grace Simone Weil

of the most uncompromising of modern spiritual masters. In “On the Abolition of All Political Parties” she challenges the foundation of the modern liberal political order, making an argument that has particular resonance today, when the apathy and anger of the people and the self-serving partisanship of the political class present a threat to democracies all over the world. Dissecting the dynamic of power and propaganda caused by party spirit, the increasing disregard for truth in favor of opinion, and the consequent corruption of education, journalism, and art, Weil forcefully makes the case that a true politics can only begin where party spirit ends. This volume also includes an admiring portrait of Weil by the great poet Czeslaw Milosz and an essay about Weil’s friendship with Albert Camus by the translator Simon Leys.
