Growth and Transformation Plan II | United Nations in Ethiopia

The Growth and Transformation Plan (GTP) is a national five-year plan created by the Ethiopian Government to improve the country's economy by achieving a projected gross domestic product (GDP) growth of 11-15% per year from 2010 to 2015. The plan includes details of the cost (estimated at US\$75–79 billion over the five years) and specific targets the government expects to hit by pursuing the following objectives.

infrastructure through public investments and to transform the country into a manufacturing hub.

Ethiopia Overview - World Bank

Bereket Gebru The first Growth and Transformation Plan (GTP I) was known for its audacity as it set very ambitious goals to quickly transform the state of sectors of the economy. Instead of a slow progression in the form of reform or any other sort of approach, it adopted the rapid change model through transformation.
