Help Your Kids With Maths: Amazon.co.uk: Vorderman, Carol ...

If you have done all you can and your child is still struggling with math, it may be time to get additional help. Start by speaking with your child's teacher about their strengths and weaknesses, and consider hiring a 1-on-1 tutor to work on the areas that need strengthening. Related: How to Find a Math Tutor for Your Child

5 Simple Ways to Help Your Child Succeed in Math

A popular way to help kids learn math is by engaging various senses. Teachers use sight, hearing, touch, and movement to help kids understand what numbers and symbols mean. (Teachers use this approach with reading and writing, too.) It can be hard for kids who struggle with math to use abstract thinking to do math problems.

How to Help Your Child With Math - Understood

You can help your children get the best from math with few tips and a positive attitude. Help your kids learn math: 1. Understand what they find difficult. It is very important to know where your kid faces difficulty. Teaching them without understanding their problem can cause more confusion. Be patient.
