good pick for fans of wilderness adventures such as *My Side of the Mountain*, *Hatchet*, or *Island of the Blue Dolphins*. This edition, perfect for classroom or home use, includes John Schoenherr ' s original scratchboard illustrations throughout, as well as bonus materials such as an introduction written by Jean Craighead George ' s children, the author ' s Newbery acceptance speech, selections from her field notebooks, a discussion guide, and a further reading guide. To her small Eskimo village, she is known as Miyax; to her friend in San Francisco, she is Julie. When her life in the village becomes dangerous, Miyax runs away, only to find herself lost in the Alaskan wilderness. Miyax tries to survive by copying the ways of a pack of wolves and soon grows to love her new wolf family. Life in the wilderness is a struggle, but when she finds her way back to civilization, Miyax is torn between her old and new lives. Is she Miyax of the Eskimos—or Julie of the wolves? Don't miss any of the books in Jean Craighead George's groundbreaking series: *Julie of the Wolves*, *Julie*, and *Julie's Wolf Pack*.
