In this age of the self-made celebrity, expert, and business owner, there is no reason why you cannot market your inventions as well and create a demand for your amazing new idea. With the help of this comprehensive guide to the invention marketing process, you will learn everything you need to know to go from independent inventor to profiting entrepreneur. It starts with knowing exactly what the current independent inventor is dealing with - the market climate and how things like the Internet have fundamentally changed how new products are presented. You will learn how to start commercializing what, to this point, has only been an idea. You will learn how to research the industry into which you are trying to enter, how long to wait, what the actual value of your product is as opposed to the perceived value and how you can calculate that actual value, and how licensing and marketing work on a fundamental
