Master the harsh, guttural language of Klingon with this indispensable audio phrasebook. This amusing and enlightening primer on ill-tempered and proud Klingon culture uses a built-in sound module to teach readers an array of crucial compliments ("You bludgeon divinely."), toasts ("Today is a good day to die"), and insults ("Your mother has a smooth forehead") as well as phrases used commonly in intergalactic travel ("Passport? My fist is my passport!"), theatergoing ("Two for Romulan and Juliet"), and more. Illustrated scenarios set the scene and offer additional useful phrases, making How to Speak Klingon an essential guide for any Star Trek® fan.

"Heghlu'meH QaQ jajvam." "It is a good day to die." What is the proper response to this? What should I do? Now, with Klingon for the Galactic Traveler you will know. Organized into four easy-to-use sections, this book will guide your steps through the Klingon language and customs: The regional dialects of the Empire Common, everyday usage of the language The slang phrases and curses that color the Klingon vocabulary Most importantly, the proper verbal, physical, and cultural responses. A misspoken word to a Klingon, who is quick to take offense and even quicker to take action, could have dire consequences. This book is the indispensable guide for the galactic traveler.

The Klingon Dictionary is the first comprehensive sourcebook for Klingon language and syntax, including fundamental rules of grammar as well as words and expressions that illustrate the complex nature of Klingon culture. It features a precise pronunciation guide, rules for proper use of affixes and suffixes, and a small phrasebook with Klingon translations for essential expressions such as "Activate the transport beam," "Always trust your instincts," and the ever-popular "Surrender or die!"

The Ferengi are greedy, avaricious, ruthless, cowardly and completely unscrupulous. For centuries the famous Ferengi Rules of Acquisition have been the guiding principles of the galaxy's most successful entrepreneurs. These 285 Rules of Acquisition range from, #1 "Once you have their money, never give it back," to #21 "Never place friendship before profit." These rules

and hundreds more have taken many successful Ferengi to new frontiers of profit.

In prehistoric times, majestic dinosaurs walked the earth. Though long extinct, one important question remains—did dinosaurs fart? You bet! From booming Brachiosaurus to the terrible tooting T. Rex, this amusing audiobook not only includes stats on the funniest dinosaur farts but also the sound effects that go with them. Just tap each fart and let 'er rip!

From master language creator David J. Peterson, creator of Game of Thrones' (HBO) Dothraki language, comes a creative guide to language construction. Peterson begins with a brief history of constructed languages, from Tolkien's creations to Klingon to the thriving global community of language construction. Then, using examples from a variety of languages including his own creations, Peterson offers a captivating and lucid overview, providing a basic foundation of essential linguistic tools for inventing and evolving one's own lexicon.

Chronicles various efforts to create new languages, discussing their intended purposes, creators, and varying degrees of success.

For over 40 years Star Trek has made a phenomenal cultural impact. Now more popular than ever - J.J. Abrams' reinvented Star Trek movie was one of the box office hits of 2009, grossing \$385 million worldwide - the 'franchise' continues to have cultural, social and political resonance around the world. Star Trek has changed not just the way we look at space but also our own world. It gave the culture a lexicon of catchphrases, from "Beam me up, Scotty" to Dr McCoy's many complaints beginning "I'm a doctor, not a [...]!" Much of the 'future' technology depicted on Star Trek has come to feature in everyday life, from the communicator-like mobile phone to computer touch screens now taken for granted. Many of the world's most prominent scientists were inspired to pursue their careers (as were many writers and artists) due to an early exposure to Star Trek. In A Brief Guide to Star Trek, expert Brian J Robb charts the rise and rise of the show and explores its impact our culture.

For too long, readers throughout the Federation have been exposed to The Tragedy of Khamlet, Son of the Emperor of Qo'nos, that classic work of Klingon™ literature, only through inadequate and misleading English translations. Now at last, thanks to the tireless efforts of the Klingon Language Institute, this powerful drama by the legendary Klingon playwright, Wil'yam Shex'pir, can be appreciated in the elegance and glory of its original tongue. This invaluable volume contains the complete text of the play, along with an English translation for easy consultation and comparison. In addition, an incisive introduction explains the play's crucial importance in Klingon culture, while copious notes illustrate how the debased English version diverges from the original, often distorting and even reversing the actual meaning of the verses. Khamlet, the Restored Klingon Version, is a work that belongs in the library of every human who hopes truly to understand what it means to be Klingon.

What if a kangaroo jumped on a trampoline? What happens when a chameleon gets mad? Would an aardvark raid your fridge?
