Whether you’re is a college junior facing the LSATs, a senior sitting with disappointing test scores, or someone who has always dreamed of a career in the law, there is too much at stake not to ask the hard questions about what lies ahead. In How to Get Into Law School, Susan Estrich lends her unique point of view and far-ranging experience-as ace law student, tenured professor, renowned legal scholar and analyst-to the life and career questions applicants will face, and answers them in the frank, no-nonsense manner that is her trademark. Featuring anecdotes from admissions directors, professors, veteran attorneys, and adventurous students alike, this is your indispensable how-to guide.

Law school can be a joyous, soul-transforming challenge that leads to a rewarding career. It can also be an exhausting, self-limiting trap. It all depends on making smart decisions. When every advantage counts, A Student’s Guide to Law School is like having a personal mentor available at every turn. As a recent graduate and an appellate lawyer, Andrew Ayers knows how high the stakes are—he’s been there, and not only did he survive the experience, he graduated first in his class. In A Student’s Guide to Law School he shares invaluable insight on what it takes to make a successful law school journey. Originating in notes Ayers jotted down while commuting to his first clerkship with then-Judge Sonia Sotomayor, and refined throughout his first years as a lawyer, A Student’s Guide to Law School offers a unique balance of insider’s knowledge and professional advice. Organized in four parts, the first part looks at tests and grades, explaining what’s expected and exploring the seven choices students must make on exam day. The second part discusses the skills needed to be a successful law student, giving the reader easy-to-use tools to analyze legal materials and construct clear arguments. The third part contains advice on how to use studying, class work, and note-taking to find your best path. Finally, Ayers closes with a look beyond the classroom, showing students how the choices they make in law school will affect their career—and even determine the kind of lawyer they become. The first law school guide written by a recent top-ranked graduate, A Student’s Guide to Law School is relentlessly practical and thoroughly relevant to the law school experience of today’s students. With the tools and advice Ayers shares here, students can make the most of their investment in law school, and turn their valuable learning experiences into a meaningful career.

Going to law school has become a very expensive and increasingly risky gamble. When is it still worth it? Law professor Paul Campos answers that question in this book, which gives prospective law students, their families, and current law students the tools they need to make a smart decision about applying to, enrolling in, and remaining in law school. Campos explains how the law school game is won and lost, from the perspective of an insider who has become the most prominent and widely cited critic of the deceptive tactics law schools use to convince the large majority of law students to pay far more for their law degrees than those degrees are worth.DON'T GO TO LAW SCHOOL (UNLESS) reveals which law schools are still worth attending, at what price, and what sorts of legal careers it makes sense to pursue today. It outlines the various economic and psychological traps law students and new lawyers fall into, and how to avoid them. This book is a must-read if you or someone you care about is considering law school, or wondering whether to stay enrolled in one now.

Each year, over 40,000 new students enter America's law schools. Each new crop experiences startlingly high rates of depression, anxiety, fatigue, and dissatisfaction. Kathryne M. Young was one of those disgruntled law students. After finishing law school (and a PhD), she set out to learn more about the law school experience and how to improve it for future students. Young conducted one of the most ambitious studies of law students ever undertaken, charting the experiences of over 1000 law students from over 100 different law schools, along with hundreds of alumni, dropouts, law professors, and more. How to Be Sort of Happy in Law School is smart, compelling, and highly readable. Combining her own observations and experiences with the results of her study and the latest sociological research on law schools, Young offers a very different take from previous books about law school survival. Instead of assuming her readers should all aspire to law-review-and-big-firm notions of success, Young teaches students how to approach law school on their own terms: how to tune out the drumbeat of oppressive expectations and conventional wisdom to create a new breed of law school experience altogether. Young provides readers with practical tools for finding focus, happiness, and a sense of purpose while facing the seemingly endless onslaught of problems law school presents daily. This book is an indispensable companion for today's law students, prospective law students, and anyone who cares about making law students' lives better. Bursting with warmth, realism, and a touch of firebrand wit, How to Be Sort of Happy in Law School equips law students with much-needed wisdom for thriving during those three crucial years.

Offers one hundred rules that every first year law student should live by “Dear Law Student: Here’s the truth. You belong here.” Law professor Andrew Ferguson and former student Jonathan Yusef Newton open with this statement of reassurance in The Law of Law School. As all former law students and current lawyers can attest, law school is disorienting, overwhelming, and difficult. Unlike other educational institutions, law school is not set up simply to teach a subject. Instead, the first year of law school is set up to teach a skill set and way of thinking, which you then apply to do the work of lawyering. What most first-year students don't realize is that law school has a code, an unwritten rulebook of decisions and traditions that must be understood in order to succeed. The Law of Law School endeavors to distill this common wisdom into one hundred easily digestible rules. From self-care tips such as “Remove the Drama,” to studying tricks like “Prepare for Class like an Appellate Argument,” topics on exams, classroom expectations, outlining, case briefing, professors, and mental health are all broken down into the rules that form the hidden law of law school. If you don't have a network of lawyers in your family and are unsure of what to expect, Ferguson and Newton offer a forthright guide to navigating the expectations, challenges, and secrets to first-year success. Jonathan Newton was himself such a non-traditional student and now shares his story as a pathway to a meaningful and positive law school experience. This book is perfect for the soon-to-be law school student or the current 1L and speaks to the growing number of first-generation law students in America.

There are two kinds of knowledge law school teaches: legal rules on the one hand, and tools for thinking about legal problems on the other. Although the tools are far more interesting and useful than the rules, they tend to be neglected in favor of other aspects of the curriculum. In The Legal Analyst, Ward Farnsworth brings together in one place all of the most powerful of those tools for thinking about law. From classic ideas in game theory such as the “Prisoner’s Dilemma” and the “Stag Hunt” to psychological principles such as hindsight bias and framing effects, from ideas in jurisprudence such as the slippery slope to more than two dozen other such principles, Farnsworth’s guide leads readers through the fascinating world of legal thought. Each chapter introduces a single tool and shows how it can be used to solve different types of problems. The explanations are written in clear, lively language and illustrated with a wide range of examples. The Legal Analyst is an indispensable user’s manual for law students, experienced practitioners seeking a one-stop guide to legal principles, or anyone else with an interest in the law.
