Pompeo claims private property and religious freedom are ...

The right to private property was a crucial demand in early quests for political freedom and equality and against feudal control of property. Property can serve as the basis for the entitlements that ensure the realisation of the right to an adequate standard of living and it was only property owners which were initially granted civil and political rights , such as the right to vote .

Right to property - Wikipedia

The following Freedom of Information responses cover Procurement enquiries, the Contracts register, contract procedures and property owned by the Council.
