It is ground-breaking in its holistic, evidence-informed account that aims to synthesize key messages for policy and practice in English, language and literacy teaching. A comprehensive collection, the Handbook focuses on the three key areas of reading, writing, and language, and issues that cut across them. The international emphasis of all the chapters is extended by a final section that looks directly at different countries and continents.

The Routledge International Handbook of English, Language ...

Synopsis. This two volume Handbook provides a comprehensive examination of policy, practice, research and theory related to English Language Teaching in international contexts. More than 70 chapters highlight the research foundation for best practices, frameworks for policy decisions, and areas of consensus and controversy in second language acquisition and pedagogy.
