Carbohydrates give the body energy. They are in many foods people eat each day. But some carbohydrates are healthier than others. Your Body on Carbohydrates uncovers the nutritional benefits of carbohydrates, how they interact with the body, and how to include them as part of a balanced diet. Easy-to-read text, vivid images, and helpful back matter give readers a clear look at this subject. Features include a table of contents, infographics, a glossary, additional resources, and an index. Aligned to Common Core Standards and correlated to state standards. Core Library is an imprint of Abdo Publishing, a division of ABDO.

Is nature all there is? John Haught examines this question and in doing so addresses a fundamental issue in the dialogue of science with religion. The belief that nature is all there is and that no overall purpose exists in the universe is known broadly as 'naturalism'. Naturalism, in this context, denies the existence of any realities distinct from the natural world and human culture. Since the rise of science in the modern world has had so much influence on naturalism's intellectual acceptance, the author focuses on 'scientific' naturalism and the way in which its defenders are now attempting to put a distance between contemporary thought and humanity's religious traditions. Haught seeks to provide a reasonable, scientifically informed alternative to naturalism. His approach will provide the basis for lively discussion among students, scholars, scientists, theologians and intellectually curious people in general.

Martin Heidegger's work is pivotal in the history of modern European philosophy. The New Heidegger presents a comprehensive and stimulating overview of, and introduction to, the work of one of the most influential and controversial philosophers of our time. Heidegger has had an extraordinary impact on contemporary philosophical and extra-philosophical life: on deconstruction, hermeneutics, ontology, technology and techno-science, art and architecture, politics, psychotherapy, and ecology. The New Heidegger takes a thematic approach to Heidegger's work, covering not only the seminal Being and Time, but also Heidegger's lesser known works. Lively, clear and succinct, the book requires no prior knowledge of Heidegger and is an essential resource for anyone studying or teaching the work of this major modern philosopher.

Now available in trade paperback-the illuminating New York Times bestseller from the American icon. The beloved superstar reveals her thoughts on her milestones and missteps, career pressures and expectations, her popular line of collectible dolls, marriage and divorce, depression, weight issues, and the incredible joys and challenges in being a working mother raising eight children. Marie's resilience and familiar humor will have every reader feeling at home with this international icon as she imparts her insights on surviving the school of life and graduating with a degree in unstoppable optimism.

As the new empress, Cordelia fights for her disciples, including Victor- the only powerless demigod. While she waits to be anointed by Zeus, she finds solace with Evan and believe everything is falling into place, until Hades' Apolloun increase their attacks.

In The Human Tradition in the New South, historian James C. Klotter brings together twelve biographical essays that explore the region's political, economic, and social development since the Civil War. Like all books in this series, these essays chronicle the lives of ordinary Americans whose lives and contributions help to highlight the great transformations that occurred in the South. With profiles ranging from Winnie Davis to Dizzy Dean, from Ralph David Abernathy to Harland Sanders, The Human Tradition in the New South brings to life this dynamic and vibrant region and is an excellent resource for courses in Southern history, race relations, social history, and the American history survey.

Take a barbecue tour in Kansas City or explore the gold-mining trails of Alaska's Denali Park--this joyous, passionate gift book is an around-the-world, continent-by-continent listing of unique and wonderful places everyone should see on and off the beaten track. Photos.

Alice must choose between Patrick and Sam in this beloved series. How can someone be in love with two people at the same time? It doesn't make sense to Alice—until Sam, her friend from Camera Club, starts to pay attention to her. Sam is quiet, gentle, and a terrific dancer, and Alice likes being with him. But Alice has been Patrick ' s girlfriend for almost two years—so why is she interested in another guy? As Alice stumbles her way through the minefield of early adolescence, there are plenty of bumps, giggles, and surprises along the way. Every girl should grow up with Alice, and with this irresistible new look, a whole new generation will want to.

Falling in love on an exquisite island off the coast of Kenya, a free-spirited American woman and a Swahili Muslim man share a life of privacy and intimacy until the plans for their wedding force them to confront the violent and tragic realities of mainland life on the eve of the Persian Gulf War. By the best-selling author of Baby Love. 15,000 first printing.

With six different, colorful tissue toppers that offer styles to fit any room in the house, the projects in this book are great for beginning stitchers. All of the designs use 7-count plastic canvas and brightly colored Needloft craft yarn and feature basic stitches to create neon, geometric patterns. The toppers fit regular boutique-style tissue boxes or the larger family-style tissue boxes.
