From the editors of Zen Poems of China and Japan comes the largest and most comprehensive collection of its kind to appear in English. This collaboration between a Japanese scholar and an American poet has rendered translations both precise and sublime, and their selections, which span fifteen hundred years—from the early T'ang dynasty to the present day—include many poems that have never before been translated into English. Stryk and Ikemoto offer us Zen poetry in all its diversity: Chinese poems of enlightenment and death, poems of the Japanese masters, many haiku—the quintessential Zen art—and an impressive selection of poems by Shinkichi Takahashi, Japan's greatest contemporary Zen poet. With Zen Poetry, Lucien Stryk and Takashi Ikemoto have graced us with a compellingly beautiful collection, which in their translations is pure literary pleasure, illuminating the world vision to which these poems give permanent expression.

Hailed by Terry Eagleton in "The Guardian" as "definitive," this is the only complete and authoritative edition of Antonio Gramsci's deeply personal and vivid prison letters.

In this inspiring guide to achieving happiness and wellness in life, work, and relationships, a "go-to life coach for those in the know" (InStyle) reveals how to use astrology as a roadmap to success. For thousands of years, people have looked to the night sky for guidance. Yet these days it's so easy to lose touch with the universe and the important direction it can provide. In The Signs, astrologer and life coach Carlyne Faulkner reveals how the ancient wisdom of the stars can empower you to get the most out of life. Faulkner's method is not about nebulous predictions or fate. It's about discovering the qualities, good and bad, associated with your natal chart—the position of the planets at the time of your birth—and using that knowledge to inform your decisions and relationships. Easy to use and designed as both an introduction for the cosmically curious and a deep dive for experienced spiritual seekers, this guide shows you how to interpret your chart, find balance, and reconnect with yourself. Consult The Signs to learn what to do when: • You're an inflexible Taurus, resistant to change. (Create things. Even a home-cooked meal will heal you in wondrous ways.) • You live with an argumentative Aries. (Never fight fire with fire. Wait till your partner calms down to discuss your feelings.) • You have Capricorn influence. (Shed the need to conform. Structure is important, but it needs to be flexible enough to change as we grow.)

Through "personology" (a combination of characteristics influenced by sun sign, season, and day of the year) and an analysis of several thousand character profiles, the authors have pinned down the traits most common to people born on the same day.

The author describes his twenty month ordeal in the Nazi death camp.
