Literature: An Introduction to Reading and Writing, Compact Sixth Edition is founded on the principles of writing about literature. First, students learn how to engage deeply and critically with a broad selection of stories, poems, and plays. Second, the writing process is carefully and thoroughly integrated into the presentation of all literary genres, elements, and major writers throughout the entire text. Complete coverage of writing about each literary element, "casebooks" that allow for deeper exploration of important writers in each genre, and a total of 53 exemplary student essays and paragraphs with accompanying commentary ensure that students gain a thorough comprehension of the conventions, strategies, and organizational patterns to allow them to think critically about literature and to produce thoughtful and compelling essays, paragraphs, documented research papers, and examination responses.

The compact version of the most popular Literature anthology continues to bring students the finest literature in a newly revised, easier-to-study format. Literature is written in an engaging style that reflects the warm personal voice of X. J. Kennedy and Dana Gioia. Some of the changes to the new edition include conversations with celebrated fiction writer Amy Tan, U. S. Poet Laureate Kay Ryan, and contemporary playwright David Ives; the addition of new writers including Naguib Mahfouz, Virginia Woolf, Sherman Alexie, Mary Oliver, Bettie Sellers, and Anne Deavere Smith; and every chapter concludes with a review of key terms for easy reference. The Writing section has been thoroughly updated to reflect MLA's latest guidelines.

Based on the premise that literature liberates thinking, and argument disciplines it. This anthology features a critical thinking, analytical approach that readers in turn will apply to their own thought and writing processes. It introduces and explains the tools of argument, and presents reading selections centered on four enduring themes-- Individuality and Community, Nature and Place, Family and Identity, and Power and Responsibility. For those interested in literature, composition, and argumentative writing.

Literature is a conversation — between writers and other writers, and between writers and readers. In *Literature and Its Writers*, Ann and Samuel Charters complement a rich and varied selection of stories, poems, and plays with an unparalleled array of commentaries about that literature by the writers themselves. Such "writer talk" inspires students to respond as it models ways for them to enter the conversation. In the sixth edition, the Charters continue to entice students to join the conversation, with adventurous and intriguing new literary works, more detailed coverage of literary elements, and more help with reading and writing. This anthology is now available with video! Learn more about VideoCentral for Literature.

For courses in Literature for Composition, Writing Argument, Writing about Literature, and Introduction to Literature. Enriches students' reading and writing by connecting with ideas in the written text. The combined forces of literature and argument are inspiring and

empowering--literature liberates thinking, and argument disciplines it. Reading Literature and Writing Argument takes the approach that writing is valued when it makes readers think. It offers multi-genre reading experiences that immerse students in critical and creative thinking as they address problems and issues from multiple perspectives. The authors encourage students to see language as a way to create meaning in their lives, and to see themselves as writers with a purpose and audience. By engaging with literature and applying the principles of argument, students practice the skills of analysis and evaluation and develop critical standards for judging ideas. " " "This version of " "Backpack Literature: An Introduction to Fiction, Poetry, Drama, and Writing" "has been updated to reflect the 8th edition of the MLA Handbook(April 2016)." " " The 8th edition introduces sweeping changes to the philosophy and details of MLA works cited entries. Responding to the increasing mobility of texts, MLA now encourages writers to focus on the process of crafting the citation, beginning with the same questions for any source. These changes, then, align with current best practices in the teaching of writing which privilege inquiry and

critical thinking over rote recall and rule-following." Cultivate a Love of Literature The smallest and most economical member of the Kennedy/Gioia family, " Backpack Literature: An Introduction to Fiction, Poetry, Drama, and Writing "is a brief paperback version of the discipline's most popular Literature anthology. "" "Backpack Literature, Fifth Edition " introduces college students to the appreciation and experience of literature in its major forms and develops the student s ability to think critically and communicate effectively through writing. The book is built on the assumption that great literature can enrich and enlarge the lives it touches. Both editors, literary writers themselves, believe that textbooks should be not only informative and accurate but also lively, accessible, and engaging. "
