In the wake of a man's graphic murder in front of hundreds of partygoers, the victim's best friend, investment expert Grove O'Rourke, is entreated by the man's widow for help, a situation that is further complicated by a dark secret and an expensive cover-up.

Looking at media coverage of three very prominent murder cases, *Murder Made in Italy* explores the cultural issues raised by the murders and how they reflect developments in Italian civil society over the past 20 years. Providing detailed descriptions of each murder, investigation, and court case, Ellen Nerenberg addresses the perception of lawlessness in Italy, the country's geography of crime, and the generalized fear for public safety among the Italian population. Nerenberg examines the fictional and nonfictional representations of these crimes through the lenses of moral panic, media spectacle, true crime writing, and the abject body. The worldwide publicity given the recent case of Amanda Knox, the American student tried for murder in a Perugia court, once more drew attention to crime and punishment in Italy and is the subject of the epilogue.

Eve Sumptor-Riley's life is perfect. She's married to the love of her life, has a beautiful daughter and the best friend any woman can have. With her businesses flourishing, and her husband's professional life expanding, Eve's life was finally happy. Or so she thought. Someone does not want Eve to be happy. They are determined to take everything away from her. Once again, Eve must battle her past, this time from an unknown foe. Will she be able to triumph again? Or will she lose everything she worked so hard to achieve?

In early modern England, religious sorrow was seen as a form of spiritual dialogue between the soul and God, expressing how divine grace operates at the level of human emotion. Through close readings of both Protestant and Catholic poetry, Kuchar explains how the discourses of 'devout melancholy' helped generate some of the most engaging religious verse of the period. From Robert Southwell to John Milton, from Aemilia Lanyer to John Donne, the language of 'holy mourning' informed how poets represented the most intimate and enigmatic aspects of faith as lived experience. In turn, 'holy mourning' served as a way of registering some of the most pressing theological issues of the day. By tracing poetic representations of religious sorrow from Crashaw's devotional verse to Shakespeare's weeping kings, Kuchar expands our understanding of the interconnections between poetry, theology and emotion in post-Reformation England.

"Substantially the book that devotees of the director have been waiting for: a full-length critical work about Ozu's life, career and working methods, buttressed with reproductions of pages from his notebooks and shooting scripts, numerous quotes from co-workers and Japanese critics, a great many stills and an unusually detailed filmography."—Sight and Sound Yasujiro Ozu, the man whom his kinsmen consider the most Japanese for all film directors, had but one major subject, the Japanese family, and but one major theme,

its dissolution. The Japanese family in dissolution figures in every one of his fifty-three films. In his later pictures, the whole world exists in one family, the characters are family members rather than members of a society, and the ends of the earth seem no more distant than the outside of the house.

The book chronicles the last thirty days of the authors stay in prison. It's a day-to-day look at life on the inside. The author had to use his words wisely and move wisely as well to stay out of harms way and able to be released on time other than be held accountable for more jail time. A book for everyone and readers of all backgrounds.
