MerCruiser Inboard Boat*

Engines and Drives.

MerCruiser petrol inboards were first displayed at the Chicago Boat Show in 1961 and MerCruiser has been a trailblazer ever since.

Inboard engines give boaters the same manoeuvrability as outboard engines with power ranging from 135HP to 430HP. MerCruiser has also developed over 20 unique drive systems; including the Alpha One which is the most popular sterndrive in the world.

Mercury Diesel. Mercury Diesel engines offer a sophisticated diesel-engine experience: Advanced turbocharging and injection technologies produce a powerband that's carefully calibrated for marine performance and outstanding economy.

Mercury Marine

If you own a late model Mercruiser engine in your boat, you're almost guaranteed to run into one of these common problems.

6 Most Common Mercruiser Problems - YouTube

Based on the popular Mercury

Acces PDF Mercury Mercruiser Marine Engines

MerCruiser® line, these are fully remanufactured engines that are fitted with marine-grade performance valve train, pistons, induction system and (in some cases) marine headers to deliver factory reliability at an affordable price.

Sterndrives & Inboards / Mercury Marine

A high-displacement footprint allows the V-8s to work smarter - not harder - with lower max rpm to ensure longer engine life. Engine Guardian is standard and averts potential problems with timely intervention, while the Cool Fuel Module prevents vapor lock.
