american populations along the eastern seaboard of new england as a miraculous plague winthrop was struck by the providential nature of these waves of disease which contributed neatly to

Miraculous Plagues An Epidemiology Of Early New England ...

"A brilliant and sharp-eyed analysis of the relation between epidemiology and narrative, Miraculous Plagues offers a startlingly fresh look at the colonial history of New England. Analyzing disease as productive of narratives that create and sustain communities and describing narrative as itself subject to local outbreak and circulatory transmission, Silva's important work provides a new lens through which to view colonialism in the Atlantic World."
