Mark Andrew Ritchie (featured in Schwager's best-selling Market Wizards II) grew up in the poverty and strangeness of Afghanistan, the deep south of Texas, and an Oregon-coast logging town. The Vietnam War crystallized his love of rebellion. He became an occupational vagabond--funeral home operative, Chicago Transit bus driver, long-haul trucker, jail guard, and more--an unlikely backdrop for launching a career in the take-no-prisoners financial markets of Chicago.

The third in the bestselling Market Wizards series, this time focusing on the barometer of the economy--the stock market. It has been nearly a decade since the publication of the highly successful The New Market Wizards. The interim has witnessed the most dynamic bull market in US stock history, a collapse in commodity prices, dramatic failures in some of the world's leading hedge funds, the burst of the Internet bubble, a fall into recession and subsequent rumblings of recovery. Who have been the 'market wizards' during this tumultuous financial period? How did some traders manage to significantly outperform a stockmarket that during its heyday moved virtually straight up? This book will feature interviews with a variety of traders who achieved phenomenal financial success during the glory days of the Internet boom. In contrast with the first two Market Wizard books, which included traders from a broad financial spectrum--stocks, bonds, currencies and futures--this volume will focus on traders in the stockmarket.
