Blossoms of the Savannah is the story of two sisters, Taiyo and Resian, who are on the verge of womanhood and torn between their personal ambitions and the humiliating duty to the Nasila tradition.

Relocation to their rural home heralds a cultural alienation born of their refusal to succumb to female genital

mutilation and early marriages. In pursuit of the delicate and elusive socio-economic cultural balance in Nasila, Ole. Kaelo, the girls' father is ensnared by a corrupt extortionist. To extricate himself he sends his daughters into a flat-spin labyrinth from which they have to struggle to escape.

Written in Swahili, this anthology presents 82 poems that have been composed following different themes, styles, and forms. The inclusion of both metred and free verses aims at exposing readers and literary critics to

problems of
independence and
freedom in post-colonial
African states, where a
sizeable number of
people feel that their
future is either blank or

Africa is a marriage of
cultures: African and
Asian, Islamic and Euro-
Christian. Nowhere is
this fusion more evident
than in the formation of
Swahili, Eastern
Africa's lingua franca,
and its cultures. Swahili
Beyond the Boundaries:

Literature, Language,
and Identity addresses
the moving frontiers of
Swahili literature under
the impetus of new
waves of globalization
in the twentieth and
twenty-first centuries.

These momentous
changes have generated
much theoretical debate
on several literary
fronts, as Swahili
literature continues to

Online Library

Mwongozo Wa

undergo transformation
in the mill of human
creativity. Swahili

literature is a hybrid that
is being reconfigured by
a conjuncture of global
and local forces. As the
interweaving of
elements of the
colonizer and the
colonized, this hybrid
formation provides a
representation of
cultural difference that

Online Library Mwongozo Wa

is said to constitute a "third space," blurring existing boundaries and calling into question established identitarian categorizations. This cultural dialectic is clearly evident in the Swahili literary experience as it has evolved in the crucible of the politics of African cultural production.

However, Swahili

Online Library Mwongozo Wa

Beyond the Boundaries demonstrates that, from the point of view of Swahili literature, while hybridity evokes endless openness on questions of home and identity, it can simultaneously put closure on specific forms of subjectivity. In the process of this contestation, a new synthesis may be emerging that is poised

Online Library Mwongozo Wa

to subject Swahili literature to new kinds of challenges in the politics of identity, compounded by the dynamics and counterdynamics of post-Cold War globalization.

Further, exaggerated claims of 'rational certainty' (or else, 'irrationality') and 'consensus of the infallible' (or else, 'historicity of the scripts') add to lack of spirituality, intolerance, violent ideologies, suppressed freedoms, and authoritarianism. Thus, a maqasidi approach takes juridical

issues to a higher philosophical ground, and hence, overcomes (historical) differences over politics between Islamic schools of law, and encourages a much-needed culture of conciliation and peaceful coexistence. Moreover, the realization of purposes should be the core objective of all
