The Dexcom makes my life easier. And the fricken-fracken new smaller pods are FINALLY on a truck on the way to our house as we speak. We should be up and running with those in a few days. Heck, we've been waiting so long that right now I can't even remember where I stashed the new PDM. Hmmm. ... It means my pancreas doesn't work well. So I have ...

Put up your feet my friends, grab a cup of whatever tickles your fancy (I prefer wine, but that is just me). This is a long one! It has been one whole year since Adam's diagnosis. Over 3600 needle pokes to his little fingers. Over 800 injections. Approximately 90 site changes.

My Life As A Pancreas: August 2011

The pancreas is a small organ, located behind the stomach, that helps with digestion. Chronic pancreatitis can affect people of any age, but it usually develops between the ages of 30 and 40 as a result of heavy drinking over many years. It's more common in men. It's different from acute pancreatitis, where the inflammation is only short term.

Chronic pancreatitis - NHS

My Life as a Pancreas: Reflections on Raising a Child with Diabetes: Essert, Priscilla Call: Amazon.nl

My Life as a Pancreas: Reflections on Raising a Child with ...

The pancreas is a long, flat gland that sits tucked behind the stomach in the upper abdomen. The pancreas produces enzymes that help digestion and hormones that help regulate the way your body processes sugar (glucose). Pancreatitis can occur as acute pancreatitis — meaning it appears suddenly and lasts for days.

Pancreatitis - Symptoms and causes - Mayo Clinic

Most pancreatic cancers are exocrine cancers. Pancreatic neuroendocrine tumors (NETs), or islet cell tumors, are less common but tend to have a better outlook (prognosis).. If you have pancreatic cancer or are close to someone who does, knowing what to expect can help you cope.
