Narrative Art and Poetry in the Books of Samuel is the vast undertaking to interpret all the material in Samuel. Everything that the text has to offer can only be understood and appreciated to the full, and its interpretation can only lay claim to full validity by means of an integral view. Therefore the author has developed a textual model which regards and covers the composition of the Samuel books as a hierarchy of twelve levels. This volume bridges the gap between volume I and II. Throne and City carries on the work according to the principles of a sound and independent narratology. It differentiates II Sam. 2-5:5 (Act IX) and 5:6-18 (Act X) as the two final phases of David's long march to pow

Although it opens with an argument that the earth, and not humanity, is the real subject of Genesis 1-11, this collection of essays focuses first on female personalities in Genesis (Eve, Hagar, Rebekkah, Tamar and the four tribal matriarchs), then on male characters (Abraham, Ishmael, Pharaoh). The treatment ranges from historical-critical analysis, through discourse analysis and narrative, ideological and psychological analyses, to postmodern autobiographical exegesis. Among the many delights of this selection are the mingling of traditional and contemporary perspectives, especially the interplay of

gender at the level of the biblical text and of the modern author-and perhaps also of the modern reader of this fascinating assortment of studies on tales of human ancestry.

Narrative Art and Poetry in the Books of Samuel is the vast undertaking to interpret all the material in Samuel. Everything that the text has to offer can only be understood and appreciated to the full, and its interpretation can only lay claim to full validity by means of an integral view. Therefore the author has developed a textual model which regards and covers the composition of the Samuel books as a hierarchy of twelve levels. The Hebrew text is the long section which inextricably interweaves the demise of king Saul and the rise of David into a subtle and complicated dialectic of election and rejection. The author's model of the "semiotic scale" enables him to chart the different levels of the textual hierarchy and exactly determine the weight and range of action of each formal fact within the whole.

Genesis 12-50: A Narrative-Theological Commentary uses narrative criticism to bring out the theological aspects of the biblical story. While basing itself on the Christian belief that Christ is the goal of all Scripture, it nevertheless allows the Hebrew Bible to speak for itself and to show how its inner message may receive completion in Christ. Hence, it adopts what the author calls a "two-stage" hermeneutics. A particular contribution of this commentary is the comparison and confrontation of

patristic and early rabbinic exegesis as Christians and Jews struggled over the same texts, using them to support their diverse beliefs. The discussion is geared towards the average educated reader.

In The Plot-structure of Genesis Todd L. Patterson argues that Genesis is organized by a development from complication to dénouement. The question 'Will the righteous seed survive?' drives the narrative to climax.
