In Night, Section 1 why do the Jews of Sighet fail to heed Moshe the Beadle's warning about the evils of the Nazis? One reason the Jews of Sighet fail to heed Moshe the Beadle's warning is that Moshe is not a respected figure in the town. He is poor and a foreigner. Eliezer says of him, "He had mastered the art of rendering himself insignificant."

Chapter 1 "They called him Moché the Beadle ". Summary: Night opens with a brief description of a poor man named Moché the Beadle, who lives in the narrator's hometown of Sighet, Transylvania (modern-day Romania; at the time that the novel opens, the town is under Hungarian control). Moché is generally well liked, works in the Hasidic synagogue, and is a very pious and humble individual.

Night Chapter 1 Summary and Analysis | GradeSaver
Night Discussion Questions Chapter 1 (pages 3 - 22) 1. Moishe the Beadle was poor and lived in utter penury. He stayed out of people's way. His presence bothered no one. Nobody cared about him but at the same time nobody hated him, he was invisible. He didn't talk to others and kept to himself things he had experienced. 2.

Attorney General Maura Healey is the chief lawyer and law enforcement officer of the Commonwealth of Massachusetts. The official website of Massachusetts Attorney General Maura Healey. File a complaint, learn about your rights, find help, get involved, and more.

A bestselling modern classicboth poignant and funnyabout a boy with autism who sets out to solve the murder of a neighbor's dog and discovers unexpected truths about himself and the world. Nominated as one of America's best-loved novels by PBS's The Great American Read Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. He relates well to animals but has no understanding of human emotions. He cannot stand to be touched. And he detests the color yellow. This improbable story of Christopher's quest to investigate the suspicious death of a neighborhood dog makes for one of the most captivating, unusual, and widely heralded novels in recent years.

The critically acclaimed, award-winning, modern classic Speak is now a stunning graphic novel. "Speak up for yourself! We want to know what you have to say." From the first moment of her freshman year at Merryweather High, Melinda knows this is a big fat lie, part of the nonsense of high school. She is friendless! an outcast! because she busted an end-of-summer party by calling the cops, so now nobody will talk to her, let alone listen to her. Through her work on an art project, she is finally able to face what really happened that night: She was raped by an upperclassman, a guy who still attends Merryweather and is still a threat to her. With powerful illustrations by Emily Carroll, Laurie Halse Anderson's Speak: The Graphic Novel comes alive for new audiences and fans of the classic novel. This title has Common Core connections.

When a tornado watch is issued one Tuesday evening in June, twelve-year-old Dan Hatch and his best friend, Arthur, don't think much of it. After all, tornado warnings are a way of life during the summer in Grand Island, Nebraska. But soon enough, the wind begins to howl, and the lights and telephone stop working. Then the emergency siren starts to wail. Dan, his baby brother, and Arthur have only seconds to get to the basement before the monstrous twister is on top of them. Little do they know that even if they do survive the storm, their ordeal will have only just begun. . . .

An autobiographical narrative, in which the author describes his experiences in Nazi concentration camps.

A vital resource for pilots, instructors, and students, from the most trusted source of aeronautic information.

Living in a "perfect" world without social ills, a boy approaches the time when he will receive a life assignment from the Elders, but his selection leads him to a mysterious man known as the Giver, who reveals the dark secrets behind the utopian facade.

In the tradition of A History of Reading, this book is an account of Manguell's astonishment at the variety, beauty and persistence of our efforts to shape the world and our lives, most notably through something almost as old as reading itself: libraries. The Library at Night begins with the design and construction of Alberto Manguell's own library at his house in western France a process that raises puzzling questions about his past and his reading habits, as well as broader ones about the nature of categories, catalogues, architecture and identity. Thematically organized and beautifully illustrated, this book considers libraries as treasure troves and architectural spaces; it looks on them as autobiographies of their owners and as statements of national identity. It examines small personal libraries and libraries that started as philanthropic ventures, and analyzes the unending promise of and defects of virtual ones. It compares different methods of categorization (and what they imply) and libraries that have built up by chance as opposed to by conscious direction. In part this is because this is about the library at night, not during the day: this book takes in what happens after the lights go out, when the world is sleeping, when books become the rightful owners of the library and the reader is the interloper. Then all daytime order is upended: one book calls to another across the shelves, and new alliances are created across time and space. And so, as well as the best design for a reading room and the makeup of Robinson Crusoe's library, this book dwells on more "nocturnal" subjects: fictional libraries like those carried by Count Dracula and Frankenstein's monster; shadow libraries of lost and censored books; imaginary libraries of books not yet written. The Library at Night is a fascinating voyage through the mind of one our most beloved men of letters. It is an invitation into his memory and vast knowledge of books and civilizations, and throughout though mostly implicitly it is also a passionate defence of literacy, of the unique pleasures of reading, of the importance of the book. As much as anything else, The Library at Night reminds us of what a library stands for: the possibility of illumination, of a better path for our society and for us as individuals. That hope too, at the close, is replaced by something that fits this personal and eclectic book even better: something more fragile, and evanescent than illumination, though just as important.

Some extraordinary rats come to the aid of a mouse family in this Newbery Medal Award-winning classic by notable children's author Robert C. O'Brien. Mrs. Frisby, a widowed mouse with four small children, is faced with a terrible problem. She must move her family to their summer quarters immediately, or face almost certain death. But her youngest son, Timothy, lies ill with pneumonia and must not be moved. Fortunately, she encounters the rats of NIMH, an extraordinary breed of highly intelligent creatures, who come up with a brilliant solution to her dilemma. And Mrs. Frisby in turn renders them a great service.

#1 NEW YORK TIMES BESTSELLER From the National Book Award-winning author of Stamped from the Beginning comes a groundbreaking (Time) approach to understanding and uprooting racism and inequality in our societyand in ourselves. The most courageous book to date on the problem of race in the Western mind.The New York Times NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review Time NPR The Washington Post Shelf Awareness Library Journal Publishers Weekly Kirkus Reviews Antiracism is a transformative concept that reorients and reenergizes the conversation about racismand, even more fundamentally, points us toward liberating new ways of thinking about ourselves and each other. At its core, racism is a powerful system that creates false hierarchies of human value; its warped logic extends beyond race, from the way we regard people of different ethnicities or skin colors to the way we treat people of different sexes, gender identities, and body types. Racism intersects with class and culture and geography and even changes the way we see and value ourselves. In How to Be an Antiracist, Kendi takes readers through a widening circle of antiracist ideasfrom the most basic concepts to visionary possibilities!that will help readers see all forms of racism clearly, understand their poisonous consequences, and work to oppose them in our systems and in ourselves. Kendi weaves an electrifying combination of ethics, history, law, and science with his own personal story of awakening to antiracism. This is an essential work for anyone who wants to go beyond the awareness of racism to the next step: contributing to the formation of a just and equitable society. Praise for How to Be an Antiracist libram X. Kendi's new book, How to Be an Antiracist, couldn't come at a better time. . . . Kendi has gifted us with a book that is not only an essential instruction manual but also a memoir of the author's own path from anti-black racism to anti-white racism and, finally, to antiracism. . . . How to Be an Antiracist gives us a clear and compelling way to approach, as Kendi puts it in his introduction, the basic struggle we're all in, the struggle to be fully human and to see that others are fully human. NPR Kendi dissects why in a society where so few people consider themselves to be racist the divisions and inequalities of racism remain so prevalent. How to Be an Antiracist punctures the myths of a post-racial America, examining what racism really isand what we should do about it. Time

An autobiographical narrative in which the author describes his experiences in Nazi concentration camps, watching family and friends die, and how they led him to believe that God is dead.
