Osiris is often depicted as having green skin because he is one of the gods of fertility and growth. His green skin shows that he has the power to help crops grow. The ancient Egyptians understood that there could not be growth and new life without death and so Osiris's green skin also symbolises death and decay.

Osiris, also called Usir, one of the most important gods of ancient Egypt. The origin of Osiris is obscure; he was a local god of Busiris, in Lower Egypt, and may have been a personification of chthonic (underworld) fertility. By about 2400 bce, however, Osiris clearly played a double role: he was both a god of fertility and the embodiment of the dead and resurrected king.

I really enjoyed this book, it uses the dystopia theme to good effect. Osiris is a city split physically by class divide, the Easterners are rich, extravagant and living in luxury while the West is dilapidated, poor and struggling. The story is told from two Protagonists POV's one from the East and one from the West.

## **Ancient Egypt: the Mythology - Osiris**

Osiris is told to have been one of five children born to the god of the earth and the goddess of the skies, Geb and Nut respectively. Through this family tree he was also a great-grandson of one of the most popular Egyptian gods, Ra. Osiris had four younger siblings who would also play critical roles in his story: his brother Seth and two sisters known as Isis and Nephthys.
