This comprehensive yet accessible reference covers the three tiers of RTI, schoolwide screening, progress monitoring, challenges to implementation, and changes in school structures and individual staff roles.

This concise and practical guide thoroughly presents the characteristics of children with specific mild exceptionalities in today's diverse classroom. Using an active, problem-solving approach that reflects how today's students learn, Dr. Sydney S. Zentall identifies the characteristics of children with mild exceptionalities that can be gleaned from observations, written descriptions, and personal interactions. Unlike many texts on this topic, which overwhelm students with extraneous information, The text focuses on the characteristics of these students within general education and special class settings. With this knowledge readers will better understand the implications of characteristics for accommodations and be ready to apply this knowledge with empirically based interventions.
