One of the most-important general principles of criminal law is that an individual normally cannot be convicted of a crime without having intended to commit the act in question. With few exceptions, the individual does not need to know that the act itself is a crime, as ignorance of the law is no excuse for criminal behaviour.

Crime - General principles of criminal law | Britannica Principles of Criminal Law, now in its sixth edition, takes a distinctly different approach to the study of criminal law, whilst still covering all of the vital topics found on criminal law courses. Uniquely theoretical, it seeks to elucidate the underlying principles and theoretical foundations of the criminal law, and aims to critically engage readers by contextualising and analysing the law.
