On conceptual and theoretical levels, Provincializing Europe provides a corrective to how we approach history as universalistic and deterministic. While we cannot abandon the tools of thinking made to capture the realities of European thought in examining postcoloniality, we should be aware of their limitations. The conclusion says it well.

figure of Europe that is often taken to be the original site of modernity in many histories of capitalist transition in non-Western countries. This imaginary Europe, Dipesh Chakrabarty argues, is built into the social sciences. The very idea of historicizing carries with it some peculiarly European assumptions about disenchanting space, secular time, and sovereignty.
