I wonder what tonight's dream will be about, considering I have just finished *Pyongyang: A Journey in North Korea*, a graphic novel by Guy Delisle (translated by Helge Dascher). *Pyongyang* is the first work of graphic fiction I have read. It is classed as a novel but it reflects Delisle's own two-month stay in the North Korean capital where he worked for a French animation company.

by Guy Delisle. Frank Sinatra sang about waking up in the city that never sleeps. For a two-month period in 2001, Quebec animator and cartoonist Guy Delisle woke up in one that apparently never dreams. Delisle’s travelogue, *Pyongyang; A Journey in North Korea*, recounts his almost existential sojourn in what he aptly describes as a “phantom city in a hermit nation,” a showcase capital brimming with

The journey invariably causes culture shock in foreign visitors, but the Pyongyang cityscape helpfully provides plenty of reminders of the way things ought to be, at least by the reckoning of the...

Guy Delisle: Pyongyang: A Journey In North Korea

Having trouble understanding Pyongyang? Here's an in-depth analysis of the most important parts, in an easy-to-understand format.

The perennial graphic novel about the "Hermit Country" with new cover and introduction by Gore Verbinski *Pyongyang: A Journey in North Korea* is Guy Delisle's graphic novel that made his career, an international bestseller for over ten years. Delisle became one of the few Westerners to be allowed access to the fortresslike country when he was working in animation for a French company. While living in the nation's capital for two months on a work visa, Delisle observed everything he was allowed to see of the culture and lives of the few North Koreans he encountered, bringing a sardonic and skeptical perspective on a place rife with propaganda. As a guide to the country, Delisle is a non-believer with a keen eye for the humor and tragedy of dictatorial whims, expressed in looming architecture and tiny, omnipresent photos of the President. The absurd vagaries of everyday life become fodder for a frustrated animator's musings as boredom and censorship sink in. Delisle himself is the ideal foil for North Korean spin, the grumpy outsider who brought a copy of George Orwell's *1984* with him into the totalitarian nation. *Pyongyang* is an informative, personal, and accessible look at a dangerous and enigmatic country. *Pyongyang* has been translated from the French by Helge Dascher. Dascher has been translating graphic novels from French and German to English for over twenty years. A contributor to *Drawn & Quarterly* since the early days, her translations include acclaimed titles such as the *Aya* series by Marguerite Aboutet and Clément Oubrerie, *Hostage* by Guy Delisle, and *Beautiful Darkness* by Fabien Vehlmann and Kerascoët. With a background in art history and history, she also translates books and exhibitions for museums in North America and Europe. She lives in Montreal.

Famously referred to as part of the 'Axis-of-Evil', North Korea remains one of the most secretive and mysterious nations in the world today. A series of manmade and natural catastrophes have also left it one of the poorest. When the fortress-like country recently opened the door a crack to foreign investment, cartoonist Guy Delisle found himself in its capital Pyongyang on a work visa for a French film animation company, becoming one of the few Westerners to witness current conditions in the surreal showcase city. Armed with a smuggled radio and a copy of *1984*, Delisle could only explore Pyongyang and its countryside while chaperoned by his translator and a guide. But among the statues, portraits and propaganda of leaders Kim Il-Sung and his son Kim Jong-Il - the world's only Communist dynasty - Delisle was able to observe more than was intended of the culture and lives of the few North Koreans he encountered. His astute and wry musings on life in the austere and grim regime form the basis of this remarkable graphic novel. *Pyongyang* is an informative, personal and accessible look at an enigmatic country.

Famously referred to as an 'Axis-of-Evil' country, North Korea remains one of the most secretive and mysterious nations in the world. Offering a look at this enigmatic country, this work explores Pyongyang and its countryside.

A "close-up look at the cloistered country" (USA Today), *See You Again in Pyongyang* is American writer Travis Jeppesen's "probing" and "artful" (New York Times Book Review) chronicle of his travels in North Korea--an eye-opening portrait that goes behind the headlines about Trump and Kim, revealing North Koreans' "entrepreneurial spirit, and hidden love of foreign media, as well as their dreams and fears" (Los Angeles Times). In *See You Again in Pyongyang*, Travis Jeppesen culls from his experiences traveling and studying in North Korea to create a multifaceted portrait of the country and its idiosyncratic capital city. Jeppesen challenges the notion that Pyongyang is merely a "showcase capital" where everything is staged for the benefit of foreigners, as well as the idea that Pyongyangites are brainwashed robots. Jeppesen introduces readers to an array of fascinating North Koreans, from government ministers with a side hustle in black market Western products to young people enamored with American pop culture. Revealing a complex society, rife with contradictions, *See You Again in Pyongyang* is an essential addition to the literature about one of the world's most fascinating places.

"From the author of *Pyongyang: A Journey in North Korea* and *Shenzhen: A Travelogue from China*, is *Burma Chronicles*, an informative look at a country that uses concealment and isolation as social control. It is drawn with Guy Delisle's minimal line while interspersed with wordless vignettes and moments of his distinctive slapstick humor. *Burma Chronicles* has been translated from the French by Helge Dascher. Dascher has been translating graphic novels from French and German to English for over twenty years. A contributor to *Drawn & Quarterly* since the early days, her translations include acclaimed titles such as the *Aya* series by Marguerite Abouet and Clément Oubrerie, *Hostage* by Guy Delisle, and *Beautiful Darkness* by Fabien Vehlmann and Kerascoët. With a background in art history and history, she also translates books and exhibitions for museums in North America and Europe. She lives in Montreal."

Shenzhen is entertainingly compact with Guy Delisle's observations of life in urban southern China, sealed off from the rest of the country by electric fences and armed guards. With a dry wit and a clean line, Delisle makes the most of his time spent in Asia overseeing outsourced production for a French animation company. By translating his fish-out-of-water experiences into accessible graphic novels, Delisle skillfully notes the differences between Western and Eastern cultures, while also conveying his compassion for the simple freedoms that escape his colleagues in the Communist state. *Shenzhen* has been translated from the French by Helge Dascher. Dascher has been translating graphic novels from French and German to English for over twenty years. A contributor to *Drawn & Quarterly* since the early days, her translations include acclaimed titles such as the *Aya* series by Marguerite Abouet and Clément Oubrerie, *Hostage* by Guy Delisle, and *Beautiful Darkness* by Fabien Vehlmann and Kerascoët. With a background in art history and history, she also translates books and exhibitions for museums in North America and Europe. She lives in Montreal.

Part horror story, part historical document, part memoir, part political tract, one man's suffering gives eyewitness proof to an ongoing sorrowful chapter of modern history.

Under the Loving Care of the Fatherly Leader offers in-depth portraits of North Korea's two ruthless and bizarrely Orwellian leaders, Kim Il-Sung and Kim Jong-Il. Lifting North Korea's curtain of self-imposed isolation, this book will take readers inside a society, that to a Westerner, will appear to be from another planet. Subsisting on a diet short on food grains and long on lies, North Koreans have been indoctrinated from birth to follow unquestioningly a father-son team of megalomaniacs. To North Koreans, the Kims are more than just leaders. Kim Il-Sung is the country's leading novelist, philosopher, historian, educator, designer, literary critic, architect, general, farmer, and ping-pong trainer. Radios are made so they can only be tuned to the official state frequency. "Newspapers" are filled with endless columns of Kim speeches and propaganda. And instead of Christmas, North Koreans celebrate Kim's birthday--and he presents each child a present, just like Santa. The regime that the Kim Dynasty has built remains technically at war with the United States nearly a half century after the armistice that halted actual fighting in the Korean War. This fascinating and complete history takes full advantage of a great deal of source material that has only recently become available (some from archives in Moscow and Beijing), and brings the reader up to the tensions of the current day. For as this book will explain, North Korea appears more and more to be the greatest threat among the Axis of Evil countries--with some defector testimony warning that Kim Jong-Il has enough chemical weapons to wipe out the entire population of South Korea.

A group of little people find themselves without a home in this horror fantasy classic *Newly homeless*, a group of fairies find themselves trying to adapt to their new life in the forest. As they dodge dangers from both without and within, optimistic Aurora steps forward to organize and help build a new community. Slowly, the world around them becomes more treacherous as petty rivalries and factions form. *Beautiful Darkness* became a bestseller and an instant classic when it was released in 2014. This paperback edition of the modern horror classic contains added material, preparatory sketches, and unused art. While Kerascoët mix gorgeous watercolors and spritely cartoon characters, Fabien Vehlmann takes the story into bleaker territory as the seasons change and the darkness descends. As with any great horror, there are moments of calm and jarring shocks while a looming dread hangs over the forest.

Meditations on fatherhood from the author of *Jerusalem: Chronicles from the Holy City* With *A User's Guide to Neglectful Parenting*, the trademark dry humor that pervades Guy Delisle's landmark and praised graphic travelogues takes center stage. Quick, light vignettes play on the worries and cares any young parent might have, and offer wry solutions to the petty frustrations of being a dad who works from home. Readers familiar with Delisle's stranger-in-a-strange-land technique for storytelling (employed in *Jerusalem*, *Pyongyang*, *Burma Chronicles*, and *Shenzhen*) will recognize the titular parent in this book; Delisle's travelogues were simultaneously portraits of complex places and times, and portraits of a stay-at-home dad's ever-changing relationship with his children while his wife is out working for *Doctors Without Borders*. The relationship between young child and all-too-irony-aware parent is beautifully done here, and Delisle's loose flowing style has been set free, creating a wonderful sense of motion throughout. *A User's Guide to Neglectful Parenting* is an intimate, offbeat look at the joys of parenting. *A User's Guide to Neglectful Parenting* has been translated from the French by Helge Dascher. Dascher has been translating graphic novels from French and German to English for over twenty years. A contributor to *Drawn & Quarterly* since the early days, her translations include acclaimed titles such as the *Aya* series by Marguerite Aboutet and Clément Oubrerie, *Hostage* by Guy Delisle, and *Beautiful Darkness* by Fabien Vehlmann and Kerascoët. With a background in art history and history, she also translates books and
