Flat on his front, binoculars to his eyes, alone at dusk, Dick makes a remarkable discovery: two rare birds, never before seen in the British Isles. Captain Flint and his crew decide to consult an expert to confirm the discovery. But when the man they ask turns out to have his collector 's eye on the birds ' eggs, not to mention skins, an enjoyable voyage around the Outer Hebrides becomes a desperate race to save the birds, and themselves...

From the USA Today Bestselling author of The Sword of the Templars and The Aztec Heresy Some secrets are too great to bear... Retired Army Ranger Lt. Col. John Holliday has reluctantly settled into his teaching position at West Point when young Israeli archaeologist Rafi Wanounou comes to him with desperate news. Holliday's niece—and Rafi's fiancé —Peggy has been kidnapped. Holliday sets out with Rafi to find the only family he has left. But their search for Peggy will lead them to a trail of clues that spans across the globe, and into the heart of a conspiracy involving an ancient Egyptian legend and the darkest secrets of the Order of Templar Knights. Secrets that, once known, cannot be survived...

The Chainsaw Operator's Manual is an essential safety tool for chainsaw operators. It is the ultimate guide to basic chainsaw operating techniques covering safety, maintenance and cross-cutting, but not tree felling. Detailed diagrams illustrate horizontal, vertical and boring cuts, as well as trimming and cross-cutting techniques. Safety considerations are discussed, including workplace safety, occupational hazards, kick-back and identifying dangerous trees. An explanation of the 'tension' and 'compression' forces in timber is also provided to help you understand where to begin cutting to avoid jamming the saw. The book covers chainsaw maintenance in detail, explains all aspects of the equipment and helps you select the right chainsaw and personal protection equipment for your needs. Trouble-shooting charts are included to help you solve operating problems. This manual has been updated to take into account the most recent changes in nationally accredited competency standards. It is a must-have for anyone operating a chainsaw.

All the information ever needed to extract dyestuffs from common trees, flowers, lichens, and weeds to create beautifully dyed materials. The heart of the book is 52 recipes for dyes made from natural, easily obtained dyestuffs.

Colour Psychology Today reveals new colour psychology information that comes from the author's pioneering research and studies on colour. The book discloses unique knowledge on how colour psychology impacts on the business world and the individual, borne out of the author's extensive work as a colour consultant and trainer that spans more than thirty years. Colour Psychology Today is unlike any other colour psychology book available. It is a 'must have' for colour enthusiasts, branding experts, marketers, advertising execs, graphic designers, and anyone who would like to expand and develop the application of colour in their field of work.

From New York Times bestselling author Pete Earley—the strange but true story of how a young man’s devastating brain injury gave him the unique ability to connect with the world’s most terrifying criminals. Fifteen-year-old Tony Ciaglia had everything a teenager could want until he suffered a horrific head injury at summer camp. When he emerged from a coma, his right side was paralyzed, he had to relearn how to walk and talk, and he needed countless pills to control his emotions. Abandoned and shunned by his friends, he began writing to serial killers on a whim and discovered that the same traumatic brain injury that made him an outcast to his peers now enabled him to connect emotionally with notorious murderers. Soon many of America’s most dangerous psychopaths were revealing to him heinous details about their crimes—even those they’d never been convicted of. Tony despaired as he found himself inescapably drawn into their violent worlds of murder, rape, and torture—until he found a way to use his gift. Asked by investigators from the National Center for Missing and Exploited Children to aid in solving a murder, Tony launched his own searches for forgotten victims with clues provided by the killers themselves. *The Serial Killer Whisperer* takes readers into the minds of murderers like never before, but it also tells the inspiring tale of a struggling American family and a tormented young man who found healing and closure in the most unlikely way—by connecting with monsters.

A 192 pages diary with year planner, world time zone, address book, personal details and body mass measurement. 2 days a page with monthly calendar on each page.
