His argument for the existence of this non-local mind is as convincing as it is eloquently conveyed.*

Reinventing Medicine: Beyond Mind-Body to a New Era of—

He admits that working on such seemingly impossible projects a few years ago would have ruined a researcher's career with "ATF" or "the anti-tenure factor". But things are changing. He wrote Reinventing Medicine to present proof that "the mind can literally change the external world" and how this "non-local mind" will change health care in the future. His argument for the existence of this non-local mind is as convincing as it is eloquently conveyed.

Reinventing Medicine: Beyond Mind-Body to a New Era of—

Lamponing a book that steps beyond science and into the realm of spiritual healing would be easy. Many readers won't have much trouble accepting the notion that your mind can heal your body, but it probably will be harder to accept Dr. Larry Dossey's assertion that your mind can heal other bodies just as well.
